

# WALPOLE, MASSACHUSETTS

259th

## ANNUAL TOWN REPORT

1983

# WALPOLE AT A GLANCE

Settled:	1659
Incorporated:	1724
Population:	18,510
Registered Voters:	10,348
Single Family Dwellings:	Approximately 5,000
Area:	Approximately 20.09 Square Miles
Elevation:	200 Feet above sea level
Location:	19 Miles south of Boston, 26 Miles north of Providence on Routes 1, 1-A and 95
Valuation:	Approximately \$ 485,471,000 (excluding motor vehicles)
Municipally owned water plant and sewer system	
Tax Rate:	\$22.90
Motor Vehicles Registered:	Approximately 16,000
Parks:	Memorial and Francis William
Schools:	Five (2 Elementary, 2 Middle, 1 Sr. High)
Children Under 17:	4,409
Form of Government:	Representative Town Meeting
Transportation:	Bus and Train service to Boston and Providence
Public Safety:	Permanent and Volunteer Fire Department with 3 fire stations, Police, Ambulance service to Norwood Hospital

## Recreation:

### Town Sponsored:

Boys Soccer Program	Scuba Diving Class
Gymnastics Programs	Competitive Swim Team
Youth Tennis	Playground School
Winter Recreation for Adults:	Recreation Programs
Badminton, Basketball,	Summer Tennis Instruction
Volleyball, Tennis	Arts and Crafts
Aquatic Art Class	Ice Skating

### Privately Sponsored:

Youth Hockey  
Baton Twirling  
Pop Warner Football  
Drill Team  
Bicycle Club  
Tennis Club  
Arts Council  
Little League Baseball  
Senior League Baseball  
Men's Softball  
YMCA

# NATIONAL, STATE, COUNTY OFFICIALS

President  
of the  
United States of America  
**RONALD REAGAN**

Vice President  
of the  
United States of America

County Engineer ..... Alvah L. Downes  
County Seat ..... Norfolk County, Dedham  
Norfolk County Agricultural School ..... Richard Morse, Director

# TOWN OFFICERS

## ELECTED TOWN OFFICERS

### Selectmen

James P. Ginley, Chrm.	1985
Barbara A. O'Brien	1986
William Hamilton	1985
Clement Boragine	1984
David L. Wakefield	1986

### Assessors

Robert A. Cobb, Chrm.	1986
Gerard E. Comeau	1984
Peter L. Turco	1985

### Treasurer

Dorothy Jackson	1984
-----------------	------

### Town Collector

Kenneth G. Arthur	1986
-------------------	------

### School Committee

Eugene Reilly, Chrm.	1986
Susan Maguire	1984
Edward Bendinelli	1985
Dorothea Kunde	1986
James C. Baughman	1984
Garrett H. Dalton, Jr.	1985

### Library Trustees

Robert S. MacDonald	1986
Linda Gilmore	1986
Eleanor M. Harding	1985
Gwen Marshall	1985
Nancy G. Chagnot	1984
John O'Donnell	1984

### Sewer & Water Commission

Edward J. Delaney, Chrm.	1986
William Abbott	1985
Patrick Fasanello	1985
Robert F. Barrett	1984
Edward J. Forsberg	1984

### Planning Board

William Haigh, Chrm.	1984
Roy G. Fisher	1984
William J. Maloney, Jr.	1986
Albert Miller	1986
Linda J. DuBois	1985

## Housing Authority

George E. Tyner, Chrm.	1985
Stanley J. Hayward	1984
Rev. John Griswold	1986
Nancy Jarvis	1986
James J. Armstrong	1988

### Moderator

Robert B. Boyd, Jr.	1984
---------------------	------

## TOWN MEETING MEMBERS

### Precinct One

Joseph L. Coburn	1984
Carole A. Connor	1984
Edward H. Connor	1984
Philip R. DuBois	1984
John S. O'Donnell	1984
James R. Shelton	1984
* Harry M. Angus	1985
Margaret F. Maguire	1985
William J. Milbury	1985
Christine D. Peters	1985
Edward Verrochi	1985
Sharon Wason	1985
Kathleen E. Delaney	1985
Louis Coburn	1986
Mary Jane Coffey	1986
Nancy T. Farris	1986
Stanley J. Hayward	1986
Susan Maguire	1986
Russell R. McNaught	1986
Betsie R. Tarbell	1986

### Precinct Two

James A. Cappelletti	1984
John A. Carlson	1984
Mario R. Centamore, Jr.	1984
Janet M. Fasanello	1984
Charles P. Mock	1984
Russell W. Olson	1984
Joseph E. Tarbell	1984
Patrick Fasanello	1985
John E. Hill	1985
Edwin V. Jankowski	1985
Elizabeth A. Lee	1985
Edward J. McCarthy	1985
Sara J. Olson	1985
Edward Thomas	1985

\* Resigned

*(Precinct Two, continued)*

Anthony J. Bruno	1986
Robert A. Cobb	1986
Roy G. Fisher	1986
Guy H. Giampapa	1986
Mary T. Harrington	1986
Robert W. Lee	1986
William H. Powers	1986
Philip A. Wild	1986

**Precinct Three**

Elizabeth M. Butler	1984
Richard McCarthy	1984
Allan T. McIntosh	1984
Karen A. McNaught	1984
Helen M. Parlon	1984
Walter H. Pelrine	1984
Eugene A. Reilly	1984
Harvey G. Rudolph	1984
Raymond H. Beaudet, Jr.	1985
Mary E. Campbell	1985
James E. Cerbo	1985
Joanne Damish	1985
Joseph C. Donnelly	1985
Richard W. Dugdale	1985
Susan A. Odstrchel	1985
Stephen H. Smith	1985
Clifford E. Barnes, Jr.	1986
Clement Boragine	1986

# **TOWN BOARD MEETINGS**

## **Selectmen**

Meets every Tuesday at 7:30 in the Main Meeting Room, 126A, of the Town Hall.

## **Finance Committee**

Meets on Mondays at 7:30 p.m. in the Town Hall in Conference Room 208.

## **School Committee**

Meets on the first and third Mondays at 7:30 p.m in Meeting Room 126A of the Town Hall.

## **Planning Board**

Meets every first and third Thursday at 7:30 p.m. in Meeting Room 126A of the Town Hall.

## **Board of Health**

Meets on the first and third Tuesdays at 7:30 p.m. at Board of Health Office in the Town Hall.

## **Sewer and Water Commission**

Meets every second and fourth Wednesday at 7:30 p.m. in the Town Hall in Meeting Room 126A.

## **Board of Appeal**

Meets on the first and third Wednesdays at 7:30 p.m. in the Town Hall in Meeting Room 126A.

## **Personnel Board**

Meets on the first and third Mondays at 7:30 p.m. in the Town Hall in Conference Room 122.

## **Board of Assessors**

Meets every Wednesday from 7:00 to 8:30 p.m. in the Town Hall.

## **Library Trustees**

Meets on the third Monday at 7:30 p.m. in the Main Library on Common Street.

## **Housing Authority**

Meets on the first Monday at 7:30 p.m. at the Housing for the Elderly Project, Diamond Pond Terrace.

## **Conservation Commission**

Meets on the second and fourth Wednesdays at 7:30 p.m. in the Town Hall in Meeting Room 126B.

## **Industrial Commission**

Meets every second Tuesday at 8:00 p.m. in the Town Hall in Conference Room 208.

## **Council on Aging**

Meets on the fourth Thursday at 7:30 p.m. in the Council on Aging Room in the Town Hall.

## **Recreation Committee**

Meets on the second Thursday at 7:30 p.m. in the Town Hall in Conference Room 122.

## **Historical Commission**

Meets on the fourth Monday (except July, August & December) at 7:30 p.m. at Lewis House.

*Meetings Subject to Change.*

# GENERAL GOVERNMENT

## BOARD OF SELECTMEN

*WALPOLE SELECTMEN, left to right: Barbara O'Brien, Clement Boragine, James P. Ginley, William T. Hamilton. Absent: David Wakefield.*

1983 was, and has been, one of departures, changes and new challenges for the Board of Selectmen. The Board saw John F. Campbell and Frank A. Farinacci defeated in the May Election and Barbara A. O'Brien and David L. Wakefield elected to the Board. At the Organizational Meeting, James P. Ginley was elected chairman, and Clement Boragine was elected Clerk.

The Board lost the services of its two secretaries during the year and Joan Trudeau and Clare Abril were chosen to fill the positions.

Accomplishments for the Year: Leonard Anderson was chosen as the new Fire Chief. A

Cable System award was made to Massachusetts Cablevision. The "Old" Town Hall was refurbished for the Police Department. The Old Police/Fire Station was scheduled to be enlarged for Fire use, and the Civil Defense finally was given office space of their own.

The Town Administrator, James E. Mello, resigned as of December 31st and the challenge of choosing a new Town Administrator will face the Board in 1984.

1983 was a busy and productive year. The Board wishes to thank all the Townspeople and employees who assisted in any way in making Walpole a better Town in 1983.

# TOWN ADMINISTRATOR

It is with a great deal of pride that I submit my fifth Annual Report as Town Administrator.

As the Chief Executive Officer of the Town, this Office is responsible for the day-to-day operation of most Municipal Departments. In addition, the Town Charter places such functions as personnel, budgeting and central purchasing within this Office. My staff and I assist in processing information on municipal activities and implement the policy directives of the Board of Selectmen, Sewer and Water Commissioners, Finance Committee and Boards.

The year of 1983 will probably be most remembered for the number of environmentally related issues and projects addressed by the Town. The most significant of these was the discovery of diesel fuel contamination within 500 feet of two production wells in the School Meadow Brook Aquifer. This contamination was discovered by accident as a D.P.W. crew was repairing a storm drain at the site of the original D.P.W. yard during the week of October 7th. Coordinated action was quickly undertaken by the Health Agent, Water Department, D.P.W. Director, the Assistant Town Administrator and myself, under the direction of the Selectmen, Sewer and Water Commissioners and Board of Health to determine the magnitude of the problem and how best to manage this situation. After an emergency was declared, a study was authorized to determine the parameters of the contamination, its source, actual and potential effects of the water quality of the aquifer. A preliminary report was issued in mid-December, which stated that water quality of the wells had not been effected and the contamination was localized to the original site of the D.P.W. yard. The cause of the contamination was poor housekeeping practices that existed at the site many years ago and leaks from deteriorated storage tanks which were not properly inspected and not removed in a timely fashion once abandoned.

The cost of the study, including the drilling of 20 test wells and the conducting of numerous water and soil tests, along with the actual removal of 3,270 cubic yards of contaminated soil, is expected to cost at least \$200,000. While the Town is fortunate to have retained the full use of the School Meadow Brook Aquifer, which supplies two-thirds of the Town's water supply, it has proved to be a costly experience and one that will certainly heighten community awareness for the need to better protect our local environment. Other activities related to the Town and its environment include:

- The construction of a waterline to the Rt. 109-Appletree Lane area of North Walpole required because of a gasoline leak at Texaco Sta-

tion in Dover, was completed in September. The project, with an estimated value of about one million dollars, was funded completely by Texaco, Inc. and is servicing 69 residents affected by this environmental incident which was discovered in the Spring of 1981.

- An Aquifer Protection Study for the School Meadow Brook Aquifer was completed in September. This report was prepared for the Sewer and Water Commissioners by IEP, Inc., at a cost of \$14,500. The study delineated the aquifer and its geological characteristics. It also produced a series of recommended activities to be undertaken by the various agencies of the Town to reduce existing and potential environmental threats to this critical source of municipal drinking water.

- This Office, through the Sewer and Water Commission, applied for funding under the Aquifer Land Acquisition Program. If successful, the Town could receive \$500,000 for the purpose of purchasing or otherwise restricting the development of critical land within the School Meadow Brook Aquifer.

- Early in September, the Town was awarded grants from the U.S. Environmental Protection Agency and the State Department of Environmental Quality Engineering totaling \$6 million for the construction phase of a major sanitary sewer renovation and extension project. Coupled with \$2 million in local funds, this project will accomplish the complete replacement of the existing Outfall sewer line from the Norwood Town line to Elm Street and extend this line to South Walpole and West Walpole. Also included in this project is the construction of a Septic Waste Receiving Facility and the rehabilitation of some sections of lateral sewer lines identified in earlier studies. This project, which will take two years to complete, is the culmination of about ten years of effort on the part of many Town officers.

- Improvements to the Water System continue to be a high priority as we work to reduce the frequency and severity of quality and supply problems experienced by our customers. The existing 12" water main in Route 27 from Washington Street to Main Street was cleaned and relined this fall. This project should improve water pressure and the quality of water in the center area of Town. The last of the three water storage tanks at High Plain Street was repaired and painted this year. The Cedar Street water main, including the Booster Station at Norfolk Street and the removal of the Kingsbury Tank, was completed this summer. It should be noted that the Town has received State grants as reimbursement for much of the water system improvements recently undertaken.

Despite the concentration of staff time and effort on environmental issues, several other items deserve to be noted within this report. As always, Labor Relations and contract negotiations is an on-going, time-consuming function of this office. The Town Meeting approved a three-year contract with the Fire Department bargaining unit but the Clerical negotiations have been referred to Fact-Finding after unsuccessful attempts were made at mediation. As a result of improved Labor Contract management throughout the various bargaining units, only four grievances went to the Board of Selectmen in 1983 and only one went to arbitration, in which the Town was upheld.

After two years of litigation, the sale of the Old Fisher School to the Old Fisher Trust was consummated in July, after all appeals by the Board of Trustees of the Norfolk County Agricultural High School to stop the sale had been exhausted. The Bird School was also officially sold to Washington Green Associates in the late winter after appeals by abutters were dropped. The Town realized a total of \$547,000 from these transactions.

Several improvements were made in the area of the Town's insurance coverage. As a result of a comprehensive analysis of existing coverages and an open and competitive bid process, the Town was able to upgrade existing insurance coverages in the area of General Liability and Automotive and expand coverages to include Police Professional Liability, Ambulance Attendant Errors and Omissions and an Umbrella Liability Policy. Despite the increase in coverages, the Town realized a \$19,000 savings on the \$87,000 budgeted for these coverages in FY 84.

As required by the Massachusetts Commission Against Discrimination, this Office prepared a Fair Housing Plan and Affirmative Action Plan and updated contracting procedures to encourage use of minority contractors and vendors. A Fair Housing Committee was formed to oversee the implementation of the Housing

Plan. After several meetings with the MCAD and many hours of work, the various procedures instituted by the Board of Selectmen was determined to be in compliance.

I am pleased to report that Mr. Paul Keane was appointed Director of the Department of Public Works/Town Engineer, on July 1, 1983, after serving in an acting capacity for the previous six months. He had demonstrated his many professional capabilities during the past four years within the Engineering Department and now continues to show that he is a hard-working, sincere and dedicated employee. I have every confidence that, under his direction, the D.P.W. will continue to improve in its performance and be of valuable service to the Town.

On a lighter note, a Student Government Day was held on December 13th, for the first time in recent history. A total of 17 students and Department Heads participated in the day's activities sponsored by the Board of Selectmen and the School Committee. Students were exposed to the typical operations of the Town and it is hoped that this experience will aid them in the performance of their civic duties in the years to come. A reception, sponsored by the League of Women Voters, with contributions by Rockwood, Inc. and the Country Kitchen, was held that evening for all the participants, prior to the Selectmen's meeting so the day's events could be shared among the group.

Finally, as this is my last Annual Report as Town Administrator, I would like to take this opportunity to express my thanks to the Board of Selectmen, other Town Boards, Municipal Employees and the Public for the support, trust and confidence given to me during my tenure. The dedication and hard-work exhibited by the Town's officials and employees have made my job an enjoyable one and without a doubt will continue to serve the Town well in the months and years to come. As I leave Walpole to begin my duties as the City Manager of Ferguson, Missouri, I will take some very fond memories of this Town and its people.

## BOARD OF APPEALS

The Board of Appeals acts under the authority given it by Chapter 40A of the General Laws of the Commonwealth of Massachusetts as well as the Zoning By-Laws of the Town of Walpole.

The Board of Appeals has jurisdiction over appeals from rulings of administrative officials of the Town made under the Zoning By-Laws. Certain uses of premises require a Special Permit from the Board of Appeals. In addition, the Board of Appeals has authority with respect to particular premises to authorize a variance from the terms of the applicable Zoning By-Laws in certain instances. All applications for Site Plan Approval are heard by the Board of Appeals.

The Board holds public hearings for all applicants and acts only after the public hearings are closed. The Board is responsible for publishing notice of the public hearing in the newspaper. A copy of the notice is sent by mail to the petitioners and to the owners of all property abutting the land and owners of all land next adjoining the land of said abutters within 300 feet of property line and owners of land directly opposite on any public or private street or way. A copy of the notice is also sent to various departments and boards of the Town as appropriate.

During 1983 the Board heard 77 cases which resulted in the following decisions:

- 17 Site Plan Approvals granted
- 3 Site Plan Approvals Amended
- 32 Special Permits granted
- 2 Special Permits denied
- 25 Variances granted
- 4 Variances denied

After public hearings, seven applications were withdrawn. Four applicants appeared before the Board and after public hearings were held, it was determined that a variance/special permit was not required.

A number of cases were complex and required continuances for the submission of more information and for more deliberations by the Board.

The hearings held by the Board are always open to the public and any person, whether entitled to notice thereof or not, may appeal in person, or by agent or attorney. When the Board has reached a decision on any matter, the decision is written and filed with the Town Clerk and Building Inspector, and notice of the decision is furnished to the persons who received notice of the hearing or to anyone who requests a copy and furnishes name and address, and to various departments and boards of the Town as appropriate.

The Board consists of five regular members and four associate members who are appointed by the Board of Selectmen. They meet on the first and third Wednesdays of the month in the Main Meeting Room, Town Hall.

# PROTECTION OF PERSONS AND PROPERTY

## POLICE DEPARTMENT

The Walpole Police Department is pleased to provide the police activity statistics for the year 1983.

Funding for converting the old town hall into a new modernized police facility was approved by town meeting members, and we are anxiously awaiting moving day. One truly sophisticated enterprise will be that of installing the BAPERN radio system which will connect us with the Greater Metropolitan Communications Network. With this unique radio system your police department will have a much more improved awareness of what is happening throughout the state, enabling us to better organize our plans and activities in conjunction with the other towns and cities throughout the Greater Metropolitan District.

The police department is also operating a new Wheeled Coach Modular Ambulance which is far superior to the old one. It is complete with

the newest advances in life-support systems, including electrical oxygen supply and two-positional cot. It will also be stocked with new equipment recently required by the State Ambulance Regulation Board.

Various training programs have been conducted for members of the department including First Responder and CPR courses. Officer Scott Bushway completed a fingerprinting program and is now qualified as an expert witness in this field of crime investigation.

Sergeant Fred Harrison retired from the force on June 30, 1983, and is now looking forward to rest and relaxation in civilian life. We all wish him the best.

The following statistics will help you better understand the workload of your police department for the year 1983. We thank the various departments for their assistance during the past year.

POLICE STATISTICS	1982		1983	
	NUMBER	DOLLAR VALUE	NUMBER	DOLLAR VALUE
Arrests	484		478	
Protective Custody	184		147	
Arson	20	\$134,925	6	\$ 31,800
Assaults	48		33	
Ambulance Calls	396		292	
Burglary (Breaking & Entering)	115	136,798	113	145,508
Complaints	11,171		10,655	
Citations	2,561		1,907	
Larceny	325	265,056	295	101,390
Money Escorts	892		760	
Motor Vehicle Accidents Covered	503		485	
Motor Vehicles Reported Stolen	116	682,900	104	666,593
Motor Vehicles Recovered	66	258,125	66	469,315
Other Recovered Property	46	18,515	17	5,360
Rape	0		2	
Robbery	10	2,577	4	279
Vandalism	282	78,346	259	83,199
Vehicular Homicide	2		2

VALUE OF PROPERTY LOSS		\$1,300,602		\$1,028,769
VALUE OF PROPERTY RECOVERED		276,640		474,675

### MONEY RETURNED TO THE TOWN OF WALPOLE FOR POLICE ACTIVITIES IN VARIOUS AREAS:

Court Fines Returned to Town	\$ 65,426.00	\$ 89,757.90
10% Service Charge on Outside Police Details	13,077.08	14,692.70
Ambulance Calls Paid	13,821.26	13,955.63
Total Dollars Returned to the Town	\$ 92,324.34	\$118,406.23

## ANIMAL CONTROL OFFICER

It is with great pleasure that I submit the following annual report for the year of 1983. I am pleased to report that approximately half of the total budget to operate the office of Animal Control is returned to the Town of Walpole by Dog licenses and fines.

Since the new fines schedule was passed by the Attorney General on September 13, 1982 the dog enforcement has been excellent. The Town of Walpole enjoys an almost dog free town, with the exception of an occasional stray.

We will try to enforce the Town Dog By-laws on the owners of dogs that still let their dogs loose at night and early in the morning. The Police will help by giving me this information. Other ways will be used to find out who the violators are.

If you were to compare last year to this years figures you would find definite improvement.

### ANNUAL REPORT FOR THE YEAR OF 1983

Lost Dogs	131
Strays Picked	157
Dogs Claimed By Owners	137
Dogs Sold	8
Dogs Destroyed	4
Dog Bites	47
Signed Complaints	40
Citations Issued	120
Complaints Received & Answered	993
Calls Made By Animal Control Officer	1,149
Total Calls Received And Answered	1,826
Enforcement	
(Dogs Caused To Be Licensed)	2,225
Kennels Inspected	78

## FIRE DEPARTMENT

The Walpole Fire Department is pleased to submit the yearly report of department activities for the year 1983. Effective January 28, 1983, Chief Chester L. Donnell, Jr., retired and Call Lieutenant Leonard Anderson was appointed Chief of the Department. Chief Donnell's retirement dinner was held on March 5, 1983. This dinner was especially memorable in that the department experienced a major building fire at 8:25 p.m. that evening. Pre-planned mutual aid from Norwood, Wrentham and Sharon coupled with the immediate response of the members of the Walpole Department enabled us to control the blaze in the building of origin.

We also note the retirement and resignation of the following members of the department.

Lieutenant Robert Golding  
Firefighter Harry Angus  
Firefighter Kevin Bearce  
Firefighter Martin Coyne  
Lieutenant Edward Brooks  
Firefighter Donald Brooks  
Firefighter Harold Smith

All of these men have given the Town of Walpole many years of dedicated service and will be sorely missed.

We were fortunate in attracting eleven new call men to the department. These men have been trained and qualified as firefighters under the direction of Training Officer Edward L. Hart-

mann, Jr., and are a welcome addition to the department. Company manpower status is:

#### Company I - Permanent

Lieutenant Gerard Comeau  
Lieutenant Fred Mattson  
Private Stephen Boucher  
Private Edward Hartmann  
Private Steele Lightbody  
Private David Silvi  
Lieutenant Ernest Manocchio, Jr.  
Lieutenant Harvey Rudolph  
Private David Conley  
Private Merrill Jenks  
Private John Macchi  
Private Frederick Weinkauf

#### Company I - Call

Firefighter Fred Boyden  
Firefighter John Cerqua  
Firefighter Sanford Hamilton  
Firefighter Michael Lamperti  
Firefighter John Mattson  
Firefighter Scott Parsons  
Firefighter Stephen Smith  
Firefighter Thomas Travers  
Firefighter Michael Cassidy  
Firefighter Thomas A. Dugdale  
Firefighter Terrance Hogan  
Firefighter John Lightbody  
Firefighter Joseph Nolan  
Firefighter Carl Silvernail  
Firefighter Arthur Taylor

### Company II - Call

Lieutenant Albert Franklin  
Firefighter Harley Bowden, Jr.  
Firefighter Joseph Ciancarelli  
Firefighter Douglas Irving  
Firefighter Charles Baranowski  
Firefighter Silvio Capone  
Firefighter David Jenks  
Firefighter Nicholas Puopolo

### Company III - Call

Firefighter Timothy Brooks  
Firefighter Robert Follett  
Firefighter Gerard Murphy, Jr.  
Firefighter Craig Dalton  
Firefighter James Keating  
Firefighter Richard E. Mattson, Jr.

### Fire Alarm Division

Harold Smith, Superintendent  
Stephen Smith  
Gerard Murphy  
Arthur Thomas

The department has been very active in fire investigations, various building inspections, smoke detector and fire alarm inspections, hazardous materials and fuel inspections arson investigations, oil burner and tank inspections, testing and maintenance of portable extinguishers, hydrant flushing and maintenance, apparatus and equipment maintenance and public education programs. The Fire Education Programs presented under the direction of Lieutenant Ernest Manocchio in our schools continues to be most important and are very well received.

Keeping abreast of all aspects of the Fire Service continues to be of the utmost importance. To this end, we try to schedule training, seminars, classes, etc., on our own as well as with the National Fire Academy and the

Massachusetts Fire Academy as much as we can given the present fiscal restraints.

We have received and introduced into service twelve new Scott self-contained breathing apparatus units which replace units that were over twenty years old. Six more units are on order and next years request for the final six units will complete the replacement program.

The department has turned over \$2,520 received in various permit and report fees.

The following is a breakdown of the various calls received by this department for the year.

Accidental Alarms	19
Alarm Malfunctions	36
Appliance Problems/Fires	28
Arcing Wires	1
Assist Police Department	111
Assist Public	13
Barn Fire	1
Boat Fire	1
Bomb Threats	2
Brush, Grass, Woods Fires, etc.	96
Business Fires	10
Camp/Bonfires	19
Car Fires/Problems	57
Chimney Fires	17
Complaints	2
Downed Wires	3
Electric Investigations	2
False Alarms	29
False Phone Calls	3
Faulty Alarms	12
Fire Drills	3
Garage Fires	2
Gas Investigations	7
Gas Leaks	7
Illegal Burning	13
Inspections	2
Investigations	35

## FIRE ALARM MAINTENANCE

This division continued this year with alarm box testing and repair, pole line maintenance and repair, radio and intercom maintenance and daily circuit testing with proper record keeping.

A great deal of pole line relocation was done this year throughout the town due to new telephone cable installations.

We have instituted a policy of recovering costs of our lines being knocked down when caused by accidents on the roadway. The following new master boxes were connected.

471 - The Kendall Company, West Street  
2931 - Ground Round Restaurant

## BOARD OF HEALTH

Walpole enjoyed a healthy year in 1983 and suffered only one minor environmental mishap; that being the discovery of fuel contaminated soil in the area of our Town wells.

The removal of the contaminated soil was rather costly and points up the seriousness of this sort of incident.

Summer time activities centered around the Town operated swimming pools and these were well attended.

Again, there is a growing awareness of hazar-

dous materials and the disposal of them. These have been the cause of many municipal wells being closed. The experts tell us that we are seeing just the tip of the iceberg and can expect many like incidents. One of the greatest threats to our water supply are the many underground gasoline tanks which are deteriorating and seeping their contents into the soil and groundwater.

Our Fall flu and pneumonia clinics were very well attended with over 600 persons becoming immunized.

## VISITING NURSE ASSOCIATION

Susan B. Campbell, President  
Robert G. Keeling, Vice President  
Marjorie C. Smeltzer, Secretary  
Barbara J. Hill, Treasurer

Barbara J. Lawless, Acting Administrator/Supervisor  
Patricia A. Grugnale, Home Health Aide Coordinator  
Arlene H. Whitney, Nursing Coordinator

12 Registered Nurses  
4 Physical Therapists  
2 Occupational Therapists  
2 Medical Social Workers  
1 Speech Therapist  
24 Home Health Aides  
7 Clerical Staff

Nineteen eighty-three has been a year of continued growth for the Walpole Area Visiting Nurse Association. The agency's services of skilled nursing; personal care by home health aides; physical, occupational, and speech therapies; and medical social workers are available for Walpole residents as well as residents of Dover, Medfield, Norfolk, Sharon, and Wrentham.

The above services are usually reimbursed by third party payments such as Medicare, Medicaid, and private health insurance. However, when services are needed and a family is truly needy, a sliding scale fee is available.

As the number of visits has increased, new staff has been added to maintain our high standards of quality care.

Our Public Health Program, which the town of Walpole supports, is an important part of our

total organization. Health promotion visits to the chronically ill and the elderly are vital in helping to maintain these persons in their homes.

Other people, not seen in the home, have received services at our many clinics. The weekly Senior Citizen Health Clinics at the Senior Center continue to be held every Monday. Additional clinics are held monthly at Neponset View Terrace on the third Friday of the month and at Diamond Pond Terrace the second Wednesday of the month. During these clinics blood pressures are taken, weight is monitored, and diet and medication counseling is offered. These services are also available during office hours which are held Monday, Tuesday, and Friday mornings between 9:00 a.m. and 10:00 a.m.

The flu/pneumonia clinic was well attended again this year. Screening programs for diabetes, hypertension, and cancer have been offered throughout the year. Nurses from the Walpole Area Visiting Nurse Association offered free blood pressure screenings in Walpole at the 4-H Fair, the Lions Club Flea Market and the Village Fair.

An additional facet of our public health program includes appropriate follow-up for certain contagious diseases as mandated by the Massachusetts Department of Public Health.

Our Maternal-Child Program continues to grow with visits to newborns and their families with related service. Childbirth classes are offered several times throughout the year.

We continue to work closely with local physicians and community organizations. Thank you to all those people in the community, especially those town officials who chose our agency to help meet the varied health needs of your community this year.

This is a time of growth in home care and many agencies are offering services that do not include the public health programs offered by the Walpole Area Visiting Nurse Association. As

we enter our seventy-fifth year of service, we hope that if you or anyone you know requires health related services or home care, you will call upon us.

### STATISTICS

Clinics:	Sessions	Patients

Flu/Pneumonia	3	738	Medical Social Worker Visits	114
T.B. Mantoux		90	Home Health Aide Visits	5679
	58	2472	Total Service Visits	12090

## COUNCIL ON AGING

The Council On Aging achieved two primary goals in 1983 - the purchase of a new 15 passenger 1984 Van and a 1983 five passenger car for individual medical appointments. The funds were raised by the Friends of the Council from private sources: industry, business, organizations, and individuals, all without Town cost or grant monies. The van is under the jurisdiction of the Town, but the Friends of the Council will supply gas, oil, registration and insurance, all without Town funds. We wish to thank Ben Gove and his department for "nursing along" our old van this year again! During 1983, the van traveled 13,333 miles and transported 5407 passengers.

Secondly, we were awarded a State Grant for an outreach worker and were fortunate in obtaining the services of Jean Welch. The Council from its inception was concerned in reaching all our senior population, particularly the vulnerable homebound.

Our Senior Center continues to attract an increasing number of participants and this year the Council On Aging has provided services for 30% of our 2400 Senior population. Mrs. Barbara Foley, coordinator is present at the center 5 hours daily for information and assistance and supervises and assists in all activities. We are also fortunate to have Mrs. Anne Smith, Senior aide provided by King Philip Elder Services. Two loyal and caring van drivers: Roy Lee and Frank Baltadonis are employed on a part-time basis who alternate weeks driving. Mrs. Lucy Beaudet, our secretary is invaluable and giving more than

the 10 hours allotted. King Philip Elder Services provided 9,133 congregate meals (an increase of 2,268 from 1982) and 8,270 home delivered meals (an increase of 1,421 from 1982). The meal site is managed by our most capable Mrs. Conchita Geyer and is assisted by a group of dedicated and caring volunteers both at the Center and the delivery of the meals.

The Friends of the Council are responsible for our monthly newsletter and we are indebted to our local merchants for their support. We also wish to thank the School Dept. - Harold Johnson and Meg Ronan for printing the newsletter that informs our seniors of programs, activities and services.

The Senior Citizen's Club meets at the Center the second Sunday of the month at 2:00 p.m. and all seniors are invited to attend. The club provides many of the social, recreational and educational activities and raise their money with monthly whist parties and an annual Bazaar.

Many activities at the center take place at "off hours" and weekends and it was essential that we retain our own telephone - 668-3330 to avoid any confusion. We are most grateful to the Lions Club and the Rotary for their generosity in underwriting this service for our seniors.

The Walpole Area Visiting Nurses continue to provide weekly (Mon. 1:00 p.m.) health maintenance clinic. The center was also made available for the Visiting Nurses annual Flu Clinic, distribution of Federal surplus commodities and the fuel assistance program regardless of age.

The Council offers a variety of programs and activities for Walpole residents age 60 and over. These programs include line dancing, whist parties, day trips, income tax and legal services, health and nutrition education. A brochure describing all the services was prepared this year. It is available to the public at the Senior

Center, Town Hall and the Public Library.

The Council on Aging wish to thank Mr. James Mello, Administrator for his co-operation, assistance and understanding our goals in assisting our senior population attaining a decent quality of life.

## DEPARTMENT OF VETERANS SERVICES

Due to the budgetary constraints and changes made by the Federal Government it has been very difficult for the veteran. The rising unemployment and the present economy creates a more active office. The fact that the office is now open full time is a big improvement. We now have a full time Veterans Director so the veterans can be better served and a more thorough investigation on applications can be made which has made a financial improvements for the Town. A total of \$1,711.50 was used in assisting veterans and their families in our benefit program.

Veterans Services has another function which is to help veterans and their dependents apply for federal benefits. These services include the preparation of applications for widow's and children's pensions, burial allowances, service connected compensation non service connected pensions, grave markers, change of address, educational benefits, hospitalization, and annual income questionnaires.

The "Fuel Assistance" program for low income families of veterans is also a function of this office.

## NORFOLK MENTAL HEALTH ASSOCIATION, INC.

Through its partnership with the Norfolk Mental Health Association, the town of Walpole is able to guarantee its residents -- children, youth and adults -- access to an integrated network of quality outpatient mental health services. Town contribution enables Cutler Counseling Center, a comprehensive clinic sponsored by the Association with limited support from the State Department of Mental Health, to provide a wide range of outpatient counseling services to citizens who need them at fees based on their ability to pay.

The Norfolk Mental Health Association is a private non-profit corporation, governed by a citizen Board of Directors who represent each of the twelve towns in its service area, Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood and Wrentham.

The major programs of NMHA available to Walpole residents are: CUTLER COUNSELING

CENTER, which has a large multi-disciplinary staff serving individuals, couples and families. Services include evaluation, referral, treatment, educational and support groups (e.g. Widowed Lifeline, Gym Program for Children, Social Rehabilitation, Divorce-Separation Workshops, Stress Management), children's groups, parent-toddler groups, as well as consultation and training services to community agencies, schools, and local industries; NORFOLK CLINICAL CHILDREN'S CENTER, a therapeutic day program for emotionally, behaviorally or developmentally distressed children ages 3-8; SUPERVISED APARTMENT PROGRAM, a residential program providing supervised living for deinstitutionalized mentally ill/mentally retarded adults; PROJECT HIRE, a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Programs include diagnostic evaluations, electronic skill training, work adjustment

training and counseling, sheltered long-term employment, and transitional employment and job placement; CASE-AIDE AND PARENT-AIDE PROGRAMS, offering trained and supervised volunteer aides who provide one-to-one help to clients both in the community, families and individuals in crisis, victims of domestic violence, parents at risk of abusing or neglecting their children, isolated elderly; INTERGENERATIONAL CARE PROGRAM, providing the opportunity for elderly residents in a Nursing Home to participate in providing group child care to preschool children from families experiencing stress, simultaneously giving respite and support to the parents; COMMUNITY EDUCATION AND INFORMATION, offering publication of an informative newsletter, *The Reporter*, to every home in the service area, speakers for community meetings, workshops, consultation and educational materials.

During fiscal year 1983, Cutler Counseling Center provided direct services to approximately 536 people from Walpole. It also provided 51 hours of consultation to schools and community agencies. The total value of these services was \$124,000 of which the town of Walpole allocated \$7,160.

In the past year people from Walpole who came to us for assistance were often referred by friends, neighbors or family, may have read our newspaper, or were referred by clergy, school, physicians or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relationships, school or behavior-related problems, alcohol or drug abuse, and work-related problems.

The Norfolk Mental Health Association Board of Directors includes Robert Bassett, John Hoffman and Eugene Reilly from Walpole.

# HERITAGE AND NATURAL RESOURCES

## HISTORICAL COMMISSION

The Walpole Historical Commission continued to research many of the town's physical assets including architecture, "street scapes" and artifacts, all with preservation in mind. To that end, the group has embarked on a project which seeks to establish a historic district on Common Street, from West Street through Ellis Avenue. The area is considered significant both in the architectural value of the individual buildings and in the definition which the area's well-maintained appearance provides for the town. While the Historical Commission will

oversee the district project, a committee of citizens and residents is in the process of being formed.

The National Preservation Week theme for 1983 was "Preservation in Housing America." The commission featured a home on Lake Avenue virtually unchanged in its 80 years existence. The cottage-style dwelling blends the best of current energy and style features into a residence which has remained appropriate to four generations.

## CONSERVATION COMMISSION

The Conservation Commission is composed of unpaid volunteer members who are appointed by the Board of Selectmen. The Commission meets twice a month at regular meetings and conducts public hearings. Its members spend many hours outside of the meetings in performance of their duties.

The Conservation Commission is responsible for protecting and preserving the natural resources of Walpole, with its main efforts directed toward protecting the town's watershed areas. In carrying out its responsibilities, the Commission enforces the provisions of the Inland Wetlands Protection Act and the newly enacted Town of Walpole by-law, and coordinates its efforts with other town agencies for the protection of natural resources.

The Conservation land holdings are for the purpose of conservation and passive recreation. Acquisition of land is through gifts or purchase. One parcel was acquired by gift and several other donations of land are in process. Due to lack of funds, no land was purchased this past year.

Trails exist through many of the Conservation properties for the enjoyment of our citizens. Maps of these trails are available at the Walpole Public Library and the Town Clerk's office. The Alan Flood-control Dam area is also available to the public for passive recreation. The main library has the Commission's family membership card for the Mass. Audobon Society, and it is available upon request.

A filing with the Conservation Commission is required in accordance with the Inland Wetlands Protection Act, Mass. Gen. Laws, Ch. 131, S. 40, and Town of Walpole Wetlands Protection By-law by anyone intending to do work which affects the wetlands and groundwater supplies in any way. If there is a question of whether the laws apply to your situation, a request for Determination of Applicability should be filed with the Commission.

# TOWN SERVICES

## DEPARTMENT OF PUBLIC WORKS

The Department of Public Works is comprised of the following divisions: Administration, Engineering, Highway, Park and Cemetery, Building Maintenance, Vehicle Maintenance, Sewer & Water. 1983 was a year of changes and challenges for this department. On December 27, 1982, Paul G. Keane was appointed Acting Director of Public Works and he was named Director of Public Works/Town Engineer on June 27, 1983. Mr. William L. Richard was appointed Superintendent of the Sewer & Water Division on April 19, 1983. The most serious challenge faced by the department was the discovery of oil contamination in the Water Division yard area adjacent to Washington Wells Nos. 2 and 4 in early October. The problem is not as serious as first believed and is well on the way to being cleaned up.

Some of the projects completed this past year were: North Street Reconstruction, Texaco Watermain Construction, Cedar Street Watermain Project, including the construction of a pressure regulating valve at Norfolk and West Streets; cleaning and lining of watermain in East and High Plain Streets, demolition of the Kingsbury Street elevated water tank, and the paving of various streets and school parking areas. In addition, the final plans and specifications were completed for the Diamond Brook Culvert Project and for watermain in North Street and East and Main Streets.

There follows the reports of each division of this department.

### Engineering Division

The Engineering Division of the Department of Public Works endeavors to provide sound professional engineering assistance to the other D.P.W. divisions, and all Town officers, boards, departments, and the general public. This office plans, designs, and contracts out significant capital projects including roadways, waterworks, sewerage works, and drainage works among others. The specifics of our work over the past calendar year are outlined in the succeeding paragraphs.

Survey, design, contract plans and specifications, and resident engineering services were provided for the following contracts: Contract 82-1 Rustic Road Sewers, Contract 82-2

Reconstruction of a portion of North Street (Chapter 90), Contract 82-3 Cedar Street Watermain, Contract 83-1 Cleaning & Lining of East St. Watermain, Contract 83-3 Street & School Parking Lot Resurfacing (Streets funded by Texaco U.S.A.), Contract 77-1 Final Paving, and other Town contracts for a pressure regulating valve at Norfolk and West Streets and for removal of the Kingsbury Street water tower. In addition, the watermain in North Walpole, constructed by Texaco was completed over the 1982-1983 calendar years.

Written reports were submitted to the Board of Appeals with respect to Engineering criteria and compliance to the provisions of our zoning by-laws in the following categories: non-residential site plans (fourteen), special permits for floodplain construction (four), multi-family (four), and miscellaneous (three).

All necessary engineering data and recommendations on subdivision control matters were provided for the Planning Board. A total of twenty four (thirty in 1982) written reports were submitted as follows: five (four in 1982) for definitive subdivision plans, resulting in twenty four new lots (forty in 1982), three in preliminary plans, ten (sixteen in '82) for bond determinations, and sixteen for miscellaneous inspections and reports. Periodic inspections were conducted to monitor construction in all of the active subdivisions. At the end of this calendar year, there are twenty developments comprising 341 lots of land under some state of subdivision control and jurisdiction of the Planning Board as indicated below:

Residential Subdivisions	327 lots
Industrial Subdivisions	14 lots

The following Town maps were updated and reproduced for distribution purposes: Zoning, Sewer, Water and Assessor's maps, Street Acceptance Plans were prepared for Alton Street, Daisy Drive, Regan Road, and Renmar Avenue.

Other areas of study and effort included: Drawings and plans required for the D.P.W. yard contamination investigation, fuel depot relocation study, final design for the Town portion of the Diamond Brook Culvert Project, providing information and acting as liaison for professional engineering consultants working for the Town

on the interceptor sewer project and North and East Street watermain and other projects, street numbers, Edison petitions, the preparation of utility easement and taking plans with descriptions for recording purposes, storm drainage studies, and problem investigations, numerous construction cost estimates and various compiled plans; and when required, Town property lines and easement surveys were provided.

The total land area of the Town is 13,498.6 acres or 21.1 square miles. The ownership of land by various levels of government, area, and percent of total Town area is shown on the following:

Town	Acres	Square Miles	Percent of Total
Tax Title	201.0	0.3	1.4
Town Forest	281.9	0.4	2.1
School	141.2	0.2	1.1
Miscellaneous	159.6	0.2	1.2
Conservation	1,009.5	1.6	7.6
Sub-totals	1,793.2	2.8	13.3
County	352.0	0.6	2.6
State	212.4	0.3	1.6
Federal	1.3	0.002	0.009
	2,358.9	3.7	17.5

A detailed summary of additions to our water, storm drain, sanitary sewers, and roadway systems constructed during the year is categorized below. Regretfully, due to our workload and change in department personnel last January, the Engineering Department report was not prepared. Therefore, also included below are totals for the 1982 calendar for record purposes:

### D.P.W. Vehicle Maintenance Division

The D.P.W. Maintenance Division is responsible for the repair work and maintenance on all Town-owned vehicles and miscellaneous equipment excluding fire engines.

Regularly scheduled maintenance was performed on fifty motorized pieces of equipment operated by the D.P.W. Highway, Park & Cemetery and Water Departments. Seven automobiles assigned to various Town departments, seven police cruisers, one police safety car, one ambulance, animal control vehicle, civil defense van and 4x4 truck and civil defense ambulance, senior citizens' van and sedan and the two fire department automobiles. Also maintained were the auxiliary engines at the six pumping stations, one booster station and the water treatment plant and all the other miscellaneous D.P.W. equipment including sewer rodder's centrifugal and diaphragm pumps, natural gas and diesel engines, portable generators, welders, and flail and rotary lawn mowers.

Major repair work performed last year included three clutch jobs, one transmission overhaul, eighteen brake jobs, four paint jobs. Also the painting and sandblasting of sanders and snowplows, welding and repairs were made on sanders, snowplows and frames, sidewalk tractors, backhoes and loaders.

Emphasis placed on preventive and routine maintenance has continued and proven to be cost effective, as a result of our regular scheduled maintenance program there have been fewer breakdowns and less vehicle down time. Major repair expenses both in terms of supply parts and labor have been kept to a minimum.

### Highway and Park Division

The Highway section is responsible for maintenance of streets, sidewalks, storm drains,

traffic signs and lights, and snow and ice control operations. There was no street resurfacing with stone and asphalt this year. (Reason being 2½). Streets resurfaced with bituminous concrete were Appletree Lane, Deborah Drive, Lois Drive, Donna Road and a section of North Street.

Other highway work performed during the year is as follows; mechanical sweeping of all streets, bituminous concrete patching of potholes and utility trenches and application of approximately 35 miles of pavement markings by contract. Storm drainage maintenance work included annual cleaning of approximately 2,000 catchbasins under contract, repairs of 70 catchbasins and manholes, rodding of obstructed drain lines and selected ditching work. A total of 262 traffic and street signs were made or purchased and installed.

The Park section maintains more than 100 acres of parks, lawn and athletic playing fields. This work includes the application of fertilizer, lime, grass, mowing on a regularly scheduled basis. Other miscellaneous work includes collection of litter from all public ways, play areas, biweekly rubbish collections from certain buildings and trash receptacles, cutting of grass and brush along roadways, maintenance of trails, removal of brush from the Town Forest, an annual fall leaf collection, planting of new trees, and removal of diseased and dead trees.

### Building Maintenance

The Building Maintenance Division is generally responsible for repair and upkeep, capital improvements, and proper operation of all electrical, plumbing and heating and ventilation systems in all public buildings.

Energy Conservation and vandalism preventative measures are a prime consideration, and to this end, we are continually updating our knowledge in these areas and applying this knowledge to many various problems.

In the area of energy conservation, please note the savings from 1972 up to the present. (see Chart.)

### Vandalism

Please note the drop in cost of vandalism from 1973 to the present. This drop is due to vandalism preventative measures taken by the Town of Walpole.

1973	over \$100,000
1974	over 100,000
1975	30,000
1976	26,000
1977	approx. 20,000
1977 thru 1983	Approx \$17,000 per year

There is a point in time when it is very difficult to get the cost of vandalism as low as one may desire, however, all efforts are being made to eliminate vandalism entirely.

### Budgeted Work Completed in 1983

#### Boyden School:

Point exterior of School

#### Bird Middle School:

Installed two new burners on existing boiler capable of burning gas, #2 oil and #4 oil.

Installed a new domestic hot water boiler to eliminate running large boiler for hot water in spring, fall and summer.

Repaired portions of roof. Replaced rear wall of link.

#### New Fisher School:

Repaired portions of roof.

Installed two handicapped parking areas.

#### Senior High School:

Installed new lockers in boy's locker room.

Repaired portions of roof.

#### Old Post Road School:

Repaired roof over boiler room and teacher's room.

Replaced ceiling in boiler room.

Painted entire boiler room and two bathrooms.

#### Plimpton School:

Repaired part of slate roof.

Painted part of exterior of building.

#### Johnson Middle School:

Repaired portion of roof.

Painted interior corridor and cafeteria.

#### D.P.W. Garage:

Repaired portion of roof.

Repaired overhead doors.

#### Blackburn Hall:

Painted part of exterior.

#### Town Hall:

Painted portion of ceilings in rooms.

Repaired portions of slate roof.

#### Center Fire and Police Station:

Painted exterior.

### Prior Years' Fuel Consumption In Degree Days

The degree-day figure, a measure of fuel consumption, indicates how far the days mean temperature fell below 65 degrees.

Season	Gallons	Cost/ Gal.	Total Cost	Deg. Days	Gal/Deg Day	Cost/Deg Day
72-73	505.379	\$0.119	\$ 60.401	6349	79.59	\$ 9.51
73-74	465.393	0.299	139.236	5974	77.90	23.30
74-75	460.832	0.347	162.045	6181	74.55	26.21
75-76	429.517	0.363	155.957	5780	74.31	48.16
76-77	452.777	0.360	163.000	6537	69.26	24.93
77-78	457.477	0.352	161.325	6556	69.77	24.60
78-79	436.656	0.41	177.945	6216	69.44	28.62
79-80	390.865	0.89	347.800	5961	65.57	58.34
80-81	342.318	0.89	304.663	6287	54.44	48.45
81-82	319.797	1.00	319.797	6634	48.16	48.16

### 81-82 Converted To Therms

Season	Total Therms	Cost Therm	Total Cost	Deg. Days	Therm Day	Cost/ Therm
81-82	463.705	.689	319.797	6634	69.89	48.16
82-83	328.635	.65	192.963	5754	57.11	33.53

The Building Maintenance Department has implemented a program of various measures to cut down on the amount of fuel consumed in the public buildings.

### Heating Fuel Savings From Unheated Buildings And From Conservation Projects

Savings from conservation of energy projects from 1972-73 to 1982-83 is 202,851 gallons.

Savings from unheated buildings from 1980-81 to 1982-83 58,611 gallons.

### Summary:

The total decrease from closed buildings and conservation of energy projects is 261,462 gallons.

The conservation of energy projects are still in progress.

See the Capitol Budget for projects.

### WATER & SEWER DIVISION

The water and sewer division is responsible for the operation and maintenance of the town's water supply, including the distribution system and quality of the water which must meet or exceed all state and federal regulations. To meet these stringent regulations, there are a total of twenty-eight samples taken per month to be tested for bacteriological purity of the water. All have proved negative in the past year. Our responsibility extends itself to include the maintenance of the sanitary sewer collection system which, over the next few years, is projected to expand and include a larger portion of the town. Sodium content of the town water supply was tested in 1983 on a quarterly basis and an average of 27.98 mg/1 was found to be present in the water supply. State guidelines of 20 mg/1 were exceeded and a notice will be sent to all consumers informing them of this fact in the yearly bills. During each month, samples are tested for fluoride concentration to insure adequate dental health protection. Water from the Mine Brook wells is still treated and tested on a daily basis to determine proper iron and manganese control.

The semi-annual flushing of our distribution system will continue during the next year. The hydrant flushing program was suspended this past fall due to the shutdown of two primary wells on the School Meadow Brook Aquifer.

These wells were closed due to petroleum products being found next to the aquifer. This problem should be corrected by this year, allowing the town to reactivate this valuable source of potable water.

In addition to general operations and maintenance work, the following new construction and miscellaneous work was completed:

Number	Description
64	New domestic water services installed
12	Domestic water services renewed
79	Water service leaks repaired
4	Water main breaks repaired
10	Fire hydrants repaired
2	Fire hydrants replaced
1	Fire hydrant installed
0	Fire hydrants removed permanently
3	New sewer services installed
0	Sewer connections repaired
0	Water gate boxes repaired
0	Frozen services
0	Frozen services lowered

Total production statistics for our wells during the year are shown in gallons in the following table:

#### Washington St.

Well #1	0
Well #2	89,983,700
Well #3	26,589,200
Well #4	77,010,100
Well #6	440,704,351
Total	634,87,351

#### Mine Brook

Well #1	81,684,300
Well #2	4,595,000
Well #3	118,576,400
Total	204,855,700
Grand Total	839,143,051

The average daily production was 2.3 million gallons with the maximum day being July 13, 1983, supplying 3,585,800 gallons and the minimum day being April 11, 1983, which produced only 1,123,500 gallons. There were 64 new water services added to the system, which brings this year's total to 5,366. The total sewer connections with the addition of this year's is 1978. There is a total of twenty-six vendors who are licensed by the Town to use our septic waste disposal facility.

## RECREATION DEPARTMENT

The past year the Recreation Department Budget has been reduced according to guidelines prompted by Prop 2½. School closings and reduced numbers of school age children participating in Recreation Programs has also declined. The reduced numbers balanced fairly well with the budget reduction. The Recreation Programs offered in past years are still offered, however, some program lengths have been reduced, to meet budget restraints. The Red Cross Swimming Lessons offered in the summer remain as the departments most attended with over 800 children taking swim lessons. The summer playground at the High School was well attended, with Tennis and Arts N' Crafts being the most popular. Girls slo-pitch softball en-

joyed a successful summer schedule with 90 girls between the ages of 11 and 13 participating. The Recreation Department is very grateful to the volunteers, who coach and umpire these games.

The Recreation Department will be updating the department booklet describing programs and other information pertinent to programs that are offered to all our townspeople. Our appreciation to all Town Departments that maintain recreation facilities throughout the town. The director's view on changing times will be a challenging task to update present programs and to hopefully initiate new programs to maintain leisure time activities for all ages.

## INSPECTOR OF WEIGHTS & MEASURES

The following is a summary of this department's activities during 1983:

*Units Tested	377
Units Sealed	375
Units Condemned	1
Units Not Sealed	1
Units Adjusted	35
Fees Collected	\$1901.00

Surprise spot-checking, in the form of reweighing of essential food items, was under-

taken as usual. In addition, periodic determinations were made to ensure compliance with the unit pricing directives.

The cost of operating this department for the entire year of 1983 amounted to \$1,926.85 or approximately *10 cents per resident*.

\*Units include but not limited to scales, balances, weights, gasoline pumps, oil truck meters.

## ANIMAL INSPECTOR

All premises where livestock is kept have been visited and inspected and comply with the regulations set forth by the Division of Animal Health.

All new animals from outside the state,

entering herds, have been examined.

All reported dog bites have been investigated and quarantine regulations carried out.

No positive cases of rabies were found.

## BUILDING INSPECTOR/ZONING ENFORCEMENT OFFICER

Construction activity followed national trends with a dramatic upswing the last half of 1983. Much of this activity was centered on single family home and condominium construction with new department records being set in these areas. Inground swimming pools also set new records; commercial development was most active with the start of Corning's Phase #2, Kendall's continuing remodeling, as well as additions on Industrial Road. Perhaps most rewarding to this department was the restoration of the fire damaged Musto Building on Main Street.

In addition to responding to inspection requests, the department continued its inspections of public assembly buildings as required under Mass. General Law to insure the public's safety and welfare.

The Zoning Enforcement Officer referred 77 persons to the Zoning Board of Appeal for possible relief from the Zoning By-Laws, as well as investigating numerous alleged zoning by-law violations. He also represented the department in District and Superior Court on a number of occasions.

I would like to take this opportunity to congratulate my staff for a job well done and for their continued professionalism in the performance of their duties.

## PLUMBING INSPECTOR

Four hundred seventy-six plumbing applications were filed for plumbing permits during the year 1983 and all complaints received were investigated.

At this time, I wish to thank the Board of Health, Town Administrator, Building Inspection Department and their staff for cooperation given me in carrying out the duties of Plumbing Inspector.

## WIRING INSPECTOR

During the 1983 calendar year, 566 applications were filed for wiring permits, and several complaints were investigated with regard to electrical installations.

The Wiring Inspector can be located in the Building Inspector's office in the Town Office Building on School Street.

## GAS INSPECTOR

During the 1983 Calendar Year, 258 applications were filed for gas permits. All complaints were investigated, several in collaboration with the Building Inspector, The Plumbing Inspector, and the Town Sanitarian.

The Gas Inspector is located in the Building Inspector's Office in the Town Office Building on School Street.

## TOWN REPORT COMMITTEE

The Town Report Committee has a membership of five members appointed by the Selectmen. Several on the committee are serving for a second, third or longer term.

The bidding for the printing of the town report attracted several printers. The committee chose the lowest bidder, who had also satisfactorily printed last year's report.

Due to the lack of demand for the past two years, the number of copies printed this year will be decreased. Also, they will be distributed free of charge.

As the theme this year, we have chosen the many bridges throughout the town; one of which is featured on the cover of this report and is located on Stone Street.

## STREET NAMING COMMITTEE

During 1983 the Street Naming Committee has concentrated more on planning a campaign which will urge Walpole residents to display their house numbers. Although a bylaw was passed at town meeting October 20, 1980, it has been unfortunately ignored by the majority of townspeople. To be in the position of desperately needing help and having your home unidentified, therefore difficult to locate when minutes are precious can be a tragedy.

James Mello, former Walpole Administrator, was very encouraging to this committee and of-

fered his help whenever needed. He suggested a type of mailing to each home owner which the committee will back up with newspaper articles and posters in 1984. There are new streets and new homes continually appearing. The outcome is new families who remain unknown for awhile and perhaps an unfinished street which may also be without a street light.

The police and fire departments are doing their part towards protection and safety. Are you doing yours.?

## CABLE TELEVISION ADVISORY COMMITTEE

The Walpole Cable Television Advisory Committee began its second year of existence by preparing to conduct a final public hearing prior to recommending a cable franchise award to the issuing authority.

That hearing was held in the Selectman's hearing room on March 9, 1983. The applicants, Adams-Russell, Inc. and Massachusetts Cablevision Systems, presented their first appeals. The Advisory Committee held special meetings on March 10, 14 and 15 in order to deal with the financial aspects of both applicants. A draft of the Committee's report was prepared for submission to the Board of Selectmen. On March 15, prior to joining the Selectmen, the Cable Television Advisory Committee voted 5-0 to endorse Massachusetts Cablevision Systems as its selection for Walpole's cable franchise.

Adams-Russell, Inc. filed an appeal with the Massachusetts State Cable Commission on May 5, 1983, requesting it not approve Walpole's selection of Massachusetts Cablevision Systems. This filing delayed the process of bringing cable television to Walpole.

Despite the legal appeal of Adams-Russell, Inc., the Cable Television Advisory Committee, in agreement with Massachusetts Cablevision Systems, decided to go ahead with the preparation of the issuing authority report.

On October 26, 1983, the Board of Selectmen, acting as the "issuing authority" for the town, approved a provisional license for Massachusetts Cablevision Systems. At this same time Adams-Russell, Inc. cancelled its lawsuit against the town.

Meanwhile, at their meeting of May 12, 1983,

the Board of Selectmen voted to extend the terms of the present members of the Cable Television Advisory Committee for an indefinite term not to exceed eighteen months, effective July 12, 1983.

The chairman wishes to thank the members of this committee for their support and sincere efforts in bringing cable television to Walpole.

## COMPUTER STUDY COMMITTEE

The Computer Study Committee was impanelled in August, 1982. In the past eighteen months the committee has attempted to determine the town's computing needs. An independent consultant's services were retained to do an initial survey of computer services in the town. Based upon this study, the Computer Study Committee began detailed interviews of Municipal and School Management Department Heads. Rather than incur the additional expense of nearly \$25,000 to complete the detailed study culminating in the written Request for Proposals (RFP), the Computer Study Committee undertook this task using the volunteer members of the committee.

Upon completion of the RFP, interested parties were invited to submit proposals. After nearly eighteen months of preparing specifications, investigating, deliberating, evaluating and comparing vendors, the committee presented its recommendation to the Board of Selectmen, School Committee, Finance Committee and the Capital Budget Committee.

In arriving at this decision a host of factors was considered, not the least of which was cost, the biggest concern from the outset. Seven proposals were accepted.

A study of the vendors' responses revealed some of the reasons for the wide range of differences between the high and low bidders.

- 1) all vendors did not respond to all of the requirements.
- 2) some vendors did not have completed software packages.
- 3) one bidder proposed customizing every application to Walpole's specifications providing functionality far beyond the needs of the town.

In spite of any shortcomings observed in some of the proposals, all vendors were invited to make an oral presentation to the committee.

The next step in the procedure was to arrange for vendors to demonstrate their software applications. Most of the vendors came to the high school and town hall where the end users were able to see their applications in operation. It provided the opportunity to receive feed-back from the people who would ultimately be using the system and provided vendors with a much better understanding of what was needed.

It was recommended that the new computer be located in the present computer room at the Town Hall. The room is large enough to house both computers until the old Burroughs is phased out. Locating the computer there reduces site preparation costs dramatically.

The Computer Study Committee will remain actively involved throughout the conversion process. It will be available to assist the town in whatever capacity is necessary to insure an orderly transition to the new computer system.

*Bridge over Neponset River, Washington Street Extension, South Walpole*

*Memorial Bridge, Stone Street*

# EDUCATION

## SCHOOL COMMITTEE

The Walpole School Committee operates under the philosophy that the educational system is a collaborative effort of students, teachers, administrators and various support groups and organizations. With this principle in mind, the following policies and actions were directed by the Committee in keeping with the goals of the system.

In an extraordinary effort to extend a full curriculum to all students, the Committee joined with the Westwood Public Schools in offering Latin III and German III. This program involved the transfer of students within the two communities in order that classes of reasonable size could be offered. This initial endeavor is proving to be a pilot program for many communities trying to cope with reduced and limited curriculum offerings in a declining enrollment. The Committee adopted a Code of Conduct for all students focusing on developing self-discipline and

behavioral responsibility. These traits are seen as key factors in helping students direct their own efforts effectively toward educational growth and worthy citizenship. A specific program was established for the artistically talented and academically gifted that enables these students to receive enrichment in their skill areas. This program complements the regular curriculum. Excellence and program equity are mutually reinforcing and the students in the Walpole Public Schools will be the beneficiaries of these actions.

The Walpole School Committee recognizes and publicly applauds the honors and distinctions awarded staff members and in particular extends its appreciation and best wishes for a long retirement to Jean Roy, who completed forty-two years of dedicated service to the children of Walpole.

## SUPERINTENDENT OF SCHOOLS

School opened on September 7, 1983 with an enrollment of 2961. This is a decline in enrollment of 4% from the previous September. The professional staff was reduced in number by six and one-half which is directly attributable to the impact of this continuous decline in enrollment on the individual class rosters. This produced an elementary pupil/teacher ratio of 25.7/1 and a middle school ratio of 23.9/1. This marks an increase in the size of classes at the elementary levels and a decrease at the middle schools. It should be noted that from September to December, there has been an increase in the school population of eighteen students which reflects the changing population, increased building within the Town and an increasing positive attitude about the public school system and its opportunities.

The major areas in which this administration

has focused in my first two years as Superintendent are: development of a plan of action to address immediate curricular, instructional and staff development needs and strong management procedures with specific regard to fiscal responsibility and educational accountability.

In this area of fiscal responsibility, an Educational Specialist for Project and Budget Control has been appointed and the number of cost centers within the public schools has been reduced to the five schools and a central office unit. There will be line item accountability and the educational needs will be proactively planned. This will develop a controlled accountability of the educational programs and will reduce the reactive solution that develops programs under the guise of innovation.

The curricular and instructional needs of the school system have received the most attention

in 1983. Teams of teachers, administrators, and parents reviewed all of the existing written programs of study for grades one through eight. All areas were then transformed from many different formats to a single, unified format and organized in a compact guide distributed to all teachers in grades K-8. This format defined very specific behaviors that will be taught at every grade level in all schools and this is the basis of program equity. In the process, old curriculum was updated and new curriculum was written where none existed. These areas included kindergarten, spelling, penmanship, and computer education. In the second stage of the project, during the 1983-1984 school year, the new curriculum guides will be used, evaluated and corrected and teaching materials used by the teachers this year will be recorded for each objective and disseminated as a resource for teachers.

The instructional needs as they relate to the curriculum are correlated with our testing program. The major purpose of a good testing program is its ability to serve the classroom teachers as a diagnostic tool. The test selected to accomplish this task remits an extensive report to the teacher on each student's comprehension and task accomplishment with regard to specific correlated academic objectives.

The two major testing programs occurring in the Walpole Schools are standardized achievement testing and minimum competency testing. In the first area, all students in grades three through seven are tested using a new battery, the Comprehensive Tests of Basic Skills, and the results received in January, 1983 indicated that Walpole students' overall performance was clearly superior to the national student average performance. The most superior performance was recorded at grade seven, which was nearly two years above the national average level. In the area of minimum competency, all students in

grades three, six and eight were tested in four areas: reading, writing, mathematics, and listening. While this is a state-mandated basic skills improvement program, each local school system sets its own competency standards. Our students had a high level of achieving these standards and the percentage of students scoring above standard ranged from 87 to 100 percent, for all of the test areas and grade levels. Students performing below standard in any area are offered special remedial programs to upgrade their skills in their defined deficit areas.

The most active and expanding curriculum area in the Walpole Public Schools is the area of computer education. Concentrated attention was given to staff development in using computers and evaluating of software and this training extended to parents who will volunteer within our schools in assisting the staff with the student hands on experience. Computers are used in our schools to facilitate learning in specific basic subject areas, as a special program for the academically talented, as a remedial teaching tool and as a management tool within the central office. The basic curricular use of computers (micro) is at all three grade level structures and the equipment almost entirely funded by federal grants. A curriculum, setting forth goals and objectives for each grade, is a part of the new Systemwide Curriculum Guide. These objectives will be adapted each year to the changing technology and the changing skills of our students as they will have access to this hardware at earlier grade levels.

In summary, none of the above would have been accomplished without the support of the School Committee and staff. Most important, however, is the commitment the parents and taxpayers have toward public education and they constantly reinforce "when problems are clear though solutions may be difficult to find, the ingenuity of our people comes shining through."

## FALES, LEACH and ROGERS SCHOLARSHIP AWARDS

1983 Fales, Leach and Rogers Scholarships were awarded Monday evening, Dec. 19, 1983 to thirty five Walpole High School graduates currently attending institutions of higher education.

These awards totaled \$31,863 from the income of the Fales Scholarship Fund established in 1931, the Leach Scholarship Fund established in 1960 and the Rogers Scholarship Fund established in 1982.

### Fales Awards to:

Joanna Caparella, attending Rutgers College  
Thomas Cappelletti, attending Worcester Polytechnic Institute  
Terri Cobb, attending University of New Hampshire  
Linda Connor, attending College of Holy Cross  
James Dumphy, attending Williams College  
Kathryn Dumphy, attending University of New Hampshire

Terri Fitzgerald, attending Syracuse University  
 Christopher Harwood, attending College of Holy Cross  
 Ruth Harwood, attending University of Rhode Island  
 William Hasapidis, University of Pennsylvania  
 Sean Jackson, attending Boston Conservatory of Music/Dance  
 Sean Kelley, attending Boston College  
 Mark Klobucher, attending Northeastern University  
 Paul Mock, attending Syracuse University  
 Tracy Morin, attending Bryant College  
 Mary Rooney, attending College of Holy Cross  
 Maura Rooney, attending Worcester Polytechnic Institute  
 Nancy Ross, attending Boston University  
 Sheila Ryan, attending Colby College  
 Mary Stuber, attending University of Connecticut

#### Leach Awards to:

Lori Baker, attending Wheaton College  
 Caroline Cento, attending Williams College  
 Erin Foley, attending Dartmouth College  
 Nancy Hart, attending Dartmouth College  
 Laura Knobel, attending Boston University School of Medicine  
 Barbara Mahoney, attending Tufts University  
 John Moloney, attending University of Massachusetts Medical School  
 James Neilson, attending Trinity College  
 John Paquette, attending Rensselaer Polytechnic Institute  
 Cheryl Parente, attending University of Massachusetts Medical School  
 Kathleen Rooney, attending Tufts University  
 Beth Varney, attending Bowdoin College

#### Rogers Awards to:

Julie Marrinucci, attending Providence College  
 Stephen Parente, attending College of Holy Cross  
 Lisa Parente, attending College of Holy Cross

## LIST OF GRADUATES

1983

Alley, Lena Marie  
 Amendola, Susan J.  
 Anderson, Christopher J.

## STATISTICS FOR THE CLASS OF 1983

Walpole High School graduated 295 students in June of 1983. Considering the total class of 295 students, 251 have made application through the guidance office for further study. The breakdown and a comparison with the classes of the five previous years is as follows:

	1978	1979	1980	1981	1982	1983
Four Year Private Colleges	22.6%	22.5%	31.4%	31.3%	33.7%	38.31%
Four Year State College	18.4%	16.0%	19.7%	21%	20.9%	27.4%
Two Year Private Schools	2.5%	7.7%	5.3%	7.6%	10.2%	6.4%
Two Year State Schools	7.6%	7.1%	8.0%	8.6%	4.9%	5.4%
One Year Programs	7.9%	8.6%	2.7%	4.0%	5.6%	4.1%
Nursing Schools	.6%	.3%	.4%	.03%	.3%	.4%
Preparatory Schools	—	1.2%	.8%	1.1%	1.3%	1.36%

This is a total of 83.37% of this year's students. For these student's and for past graduates the Guidance Department processed 1514 applications.

	1978	1979	1980	1981	1982	1983
Full Time Employment	25.7%	25.2%	27%	21%	16.7%	10.9%
Armed Services	6.2%	4.9%	1.1%	1.2%	3.0%	2.7%
Undecided	7.3%	5.2%	3.4%	4.3%	3.6%	3.05%
Homemaking	.6%	—	—	.03%	.3%	—
Travel	.6%	—	—	—	—	—
Unknown	—	1.23%	—	—	—	—

The following figures on financial aid represent only that aid which was reported to us in June. Some students declined to tell us about their financial aid and some students declined to fill out a "Future Plans" report to us. In addition to outside grants and loans, \$21,950 was given to deserving students at graduation from local funds.

	1978	1979	1980	1981	1982	1983
College Scholarships	\$44,150	\$49,615	\$66,148			
Work Scholarships	32,500	8,650	15,425	103,251	101,800	100,338
Loans	40,050	22,506	42,710	62,050	61,450	66,140
Local Scholarships	8,775	8,700	8,950	10,195	21,100	21,950

### Distribution of Applications for Graduating Seniors Only

Outside New England	40-6%	62-10%	68-10%	89-11%	83-8%	480
Miscellaneous	27-4%	5-1%	52-8%	53-6%	101-10%	110

# TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

The Tri-County Regional School District Committee is pleased at this time to report on happenings of 1983 and hopes for future years. At the first meeting in July, we reorganized and Albert Chouinard, Medfield, was elected Chairman and Robert Riccio, North Attleboro, was chosen as the new Secretary. We decided that meetings would be scheduled for the second and fourth Wednesdays of each month as has been a long-standing practice. There were no changes in the makeup of the Committee during the past year, so in addition to the officers the membership remains as follows: Robert Rappa and Carole Russell, Franklin; John Hurley, Medway; Robert McDonough, Millis; Melvin Long, Norfolk; Arthur Hillman, Attleboro; John Hanley, Seekonk; Sidney Hatch and Louis Hoegler, Walpole.

## **Budget 1983-84**

Once again the operating and capital budget was held to a 2½ % increase. The two major factors that contributed to that achievement was a lower than anticipated bid on pupil transportation and the decision to postpone appropriations for much-needed new equipment and equipment replacement. However, population shifts and an overall decline in student enrollment required an increased assessment to all towns with the exception of Sherborn and Walpole. The assessment to the Town of Walpole was reduced by \$17,939. Fortunately, the Chapter 70 pass-through monies were granted in July and Walpole's assessment was further reduced by \$23,281. Additionally, we declared a budget surplus at the close of the fiscal year in the amount of \$57,522 and \$15,255 was returned to the Town as their proportionate share. The Committee is sincere about its obligation to operate the school in a manner that is considerate of the financial status of all member communities and at the same time provide quality vocational education to the young men and women who reside in our communities. Obviously, this is becoming increasingly more difficult to accomplish; but with your continued cooperation and a state school aid formula that gives equal recognition to the needs of regional schools, we are hopeful for the future.

## **Vocational Programs**

Auto Repair is presently developing an "Engine Rebuilding Section" for adoption into their course curriculum. An area in shop has been sectioned off and designated where total engine repair and rebuilding will become a part of grades eleven and twelve instruction.

Auto Body is awaiting the installation of its "Frame Straightening Machine" (should be in-

stalled by 1/15/84). The teachers will instruct the art of "frame straightening" on "unitized bodies". This teaching concept is of vital importance because of the large increase in automotive production to "unit type" body construction.

Machine Shop has added a CNC Vertical Miller to its shop equipment. Computer numerical control machines are being widely used in the machine shop industry today. This added curriculum instruction will be of great value to the training and development of our students. This learning will place these students on a more competitive level when seeking work in the machine shop industry.

Metal Fabrication is about to install a "Oxy Fuel Shape Cutting Machine". This piece of metal cutting equipment will enable the metal tab instructors to teach our students some of the finer points in metal cutting. This added instruction will also assist our teachers to help develop "metal burning" (cutting) operators. The training will benefit students who lack the dexterity and skills of becoming proficient welders.

Sheet Metal has developed and established a solid basic "Sheet Metal Program". Students are being instructed in "duct work" construction of all types. This includes design and lay-out as well as fabricating and assembly. This department under the guidance of their instructors has completely removed the present "exhaust eliminating system" in the Metal Fabrication Shop. The teachers and students are responsible for a completely new exhaust system. This includes the design, lay-out, fabrication, and installation.

Plumbing continues to train and develop our future plumbers. It has become a very popular program, one which boasts a very high percentage of job placement in this trade. Recently, the instructors and students designed, developed, fabricated, and installed a model "Solar Hot Water Heating System" in their own shop. All of the design, even the solar heating panels, were made at the school. This "Solar Heating System" can be seen and appreciated by visiting our school. A noteworthy point in that this department (students and teachers) have taken care of all the plumbing needs throughout the school (maintenance/repairs/new installations).

Electrical (shop) is growing and developing rapidly. There is a great demand for electrical apprentices. We are helping to ease this demand by placing many of our students in the electrical work field. Presently, a "Motor Control and Test Laboratory" is being constructed to give our students a competitive edge when seeking jobs

in the electrical trade field. Our electrical students and teachers have satisfied many of the electrical maintenance and new wiring installations here in our school.

Masonry continues to be a very popular program here at Tri-County. The course curriculum is well organized and meaningful. Recently our students and teachers contributed a service to the town of Franklin. They provided the skills and abilities needed to restore the brick "Band Stand" at the Town Common. This job brought out much attention and praise.

Plant Maintenance, another popular program in our school, continues to hold a great deal of interest as it steadily advances. In this department the training modules accent carpentry, machine shop, welding, electrical, plumbing and small engine. The curriculum being taught in these many trade areas are mostly basic in design. However, enough is being applied whereby the student can develop and advance in any one specific trade area or in all of them.

Painting and Decorating. Painting, wallpapering, interior decorating, furniture refinishing, sign painting and cabinet making are on-going activities for this program. Much of the painting and maintenance needs in our school are being satisfied by the painting and decorating students and teachers. The trade skills being taught are of high value to our student graduates. (It is a tremendous asset any any school, town agency, or building to have a department capable of maintaining the proper appearances necessary because of public scrutiny.)

Carpentry/Cabinetmaking. At Tri-County, future carpenters and cabinet makers are being trained and sent forth into their trade fields. The knowledge and skills derived from our course instruction certainly enable our graduates to find their place in the work market. Many of the carpentry/cabinetmaking student graduates have gained prestigious employment. An "Overhead Router" is the latest piece of equipment that will be used to help train our young people. The carpentry department has done outside jobs (buildings, roofs, renovations) for many of the district town agencies. There are several jobs under construction at this present time.

Air Conditioning and Refrigeration. A lot of growth and development have taken place in this department. The students and teachers have organized their shop facilities and work stations into a compact training area. Air conditioning and refrigeration troubleshooting, repairing, designing, and installing of new systems make up some of the course training study units. The students and teachers are responsible for most all of the air conditioning and refrigeration needs throughout the entire school.

#### **Technical Programs**

As in all high technology fields, drafting has

experienced a revolution. Pencils, french curves, and drawing tables have been replaced by CPU's, digitizers and plotters. Known in the trade as a CAD/D system, computer-aided design/drafting enables a draftsman to make, store, copy or change drawings by pushing a button. This micro-computer-based graphics system is efficient, fast, and accurate. It is also becoming standard equipment in the drafting industry. Without the knowledge of operating a CAD/D system, students will be at an employment disadvantage.

Armed with these facts, Tri-County applied for and received a federal grant of \$5,000 to be applied to the cost of the necessary equipment. This grant did not cover the cost of a complete system, however, so a plea was made to several hi-tech companies requesting monetary contributions.

Codex Corporation of Mansfield and Bird Machine Company of Walpole responded to that plea. The generous amount of \$1,500 will allow the program to be offered to seniors this year. This collaboration strengthens the existing relationship between education and industry which ultimately enhances the employability skills of students.

The Foxboro Company has been very supportive of Tri-County in the past through their active participation in our advisory committees, and in the Business Education Collaborative of which Tri-County is also a member. Students have been welcomed on a cooperative basis as well as being hired after graduation. Foxboro Company's most recent contribution has been an audio-visual teaching aid on operational amplifiers to be used by the Electronics Department. This educational tool will not only assist students in learning the concepts, but also present the material in greater depth and detail. The market value of these tapes is \$1,200.

All of these donations are extremely timely in light of the fact that the robots have arrived at Tri-County. A new component of the Electronics Program now includes an industrial automation course which places Tri-County in line with the state of the art.

The assembly of the HERO robot has just been completed and the "armdroid" has been programmed to move, select and deposit objects. The students have worked diligently and learned a great deal by completing this rather complex task.

Plans are in the preliminary stages for the development of a "computer center" at Tri-County which will not only introduce a new concept for the hi-tech programs, but also allow all students in the school to interact with computers in a manner that will enhance their learning.

Contact has been made with one of the local banking firms to discuss the feasibility of

establishing a full service banking branch at Tri-County. Since this occupation is always in demand, students will be exposed to and taught the skills for viable employment.

#### **Service Occupations**

Students in the Cosmetology Department continue to offer a wide variety of beauty services to both men and women in the surrounding towns. A very popular feature has been the facial treatment which is now considered a specialty and requires licensure by the Massachusetts Board of Cosmetology. Since Tri-County's instructors are already licensed and the demand is so great, it is hoped the addition of more equipment will allow the school to offer a course to train aestheticians.

Students in the Food Trades Department were offered a unique opportunity to interface with industry while serving the public. The management of King Philip Ballroom hosted a group of 600 senior citizens during the week of October 3rd. These folks were scheduled to meet Monday through Friday for a sit-down luncheon. King Philip sent out a request for workers — as many as possible, and Tri-County was happy to respond by sending twelve sophomores and seniors.

The seniors worked as waiters and waitresses; the sophomores were bus persons. For many, this was their first experience working in the real world. At week's end, both students and supervisors were pleased with the program. Mr. Richard Enegren, President and Treasurer of King Philip, stated, "The students did all that was asked and more. We were very pleased. The patrons were highly complimentary. I hope we have opportunities like this again in the future."

On October 29th, students from the Food Trades Shop of Tri-County assembled and decorated a four-tier, 120 pound anniversary cake at the Walpole Mall. The sixty pounds of cake and sixty pounds of icing were prepared by junior class members during their regular shop classes. They spent four hours building and decorating the cake, using several borders and two garlands of icing roses. After a short ceremony, the cake was sliced and given away to passing customers. In slightly less than an hour, several hundred persons had received an early Halloween treat.

In November, the Franklin Businessmen's Association held their fall dinner meeting in the Rainbow Room. The group is newly formed and their membership is growing according to Michael Travalone, President of the association.

The forty-six members that attended were extremely pleased with the dinner and service the students provided. They look forward to returning in the near future.

Tri-County was once again proud to offer its facilities and assistance to the Franklin Life Savers. Fran Malloy and Bill Arnold of the

Franklin Life Savers were able to offer the life-saving cardio-pulmonary resuscitation program to dozens of area residents at Tri-County. Tri-County is pleased to be part of this community effort.

#### **Academic Programs**

Tri-County's academic programs continue to serve the needs of the work bound and college bound student alike. The graduating class of 1983 proved no exception to these goals with 21% of its graduates continuing their education in two and four year institutions of higher learning.

This year saw the continued development and maturing of academic programs at Tri-County. The English, math, and science departments are working in cooperation with selected Tri-County shops as well as schools of higher learning in a joint effort to develop an advanced, technically based program for Tri-County students so oriented. While at the same time the English department's reading program continues to advance students two grade levels, on average, based upon standardized reading comprehension test scores. The Math program now boasts fifteen offerings designed to meet the needs of every student whether he/she be a future baker or electronic engineer.

The Business program has undergone the most encompassing change during 1983. Because of these changes, all students who graduate from Tri-County will take with them typing skills. In addition, all students will undergo a program of computer literacy. Many students will also graduate with functional competence in word processing. All of this due to planned development and design of the business education curriculum implemented in 1983.

The Physical Education Department has also been busy in 1983. Plans have been developed for implementation this winter of a community based, life-skills physical education program. Students will be engaged in activities ranging from racketball, ice skating, and bowling to golf. However, these activities will all take place in and around the Franklin area at local recreational sites.

Tri-County will continue to offer in 1984 the finest academic programs possible so as to best prepare district students for whatever their vision and future demands of them.

#### **Pupil Services**

At this relatively early date the two hundred and forty seniors who graduated in June are accounted for in the following manner: Employed full time are 72% of the graduating class; 21% are attending two and four-year colleges; 6% are unemployed; and the status of 1% is unknown.

Scholarships in the amount of \$15,000.00 were awarded to deserving graduates.

During their senior year one hundred and five students were placed on cooperative work pro-

grams (alternate weeks) at thirty-six business and industrial sites.

The department administered the Preliminary Scholastic Aptitude Test, S.R.A. Achievement Tests, the Armed Services Vocational Battery, and Basic Skills Tests.

Workshops were presented for students and parents regarding financial aid and representatives of thirty colleges and technical schools visited Tri-County.

Members of the guidance staff conducted skills classes for resume writing and interviewing.

#### **Athletics**

This past year was a very exciting period in Tri-County athletics. The Cougars became full-time members of the Mayflower Athletic League and many of the athletics excelled in their respective sports becoming League all-stars and acknowledged by the area newspapers.

While no teams captured team titles or championships, many of the student-athletes performed superbly. Each team had its leaders: Boys Basketball Team - Brian Fisk (Seekonk). Girls Basketball Team - Candy Bryda (North Attleboro). Baseball Team - Wally Songin (Walpole). Track and Field - Chris Charette (North Attleboro). Football - Joe Taranto (Franklin). Cross-Country - Charlie Cuidobro (Franklin). Volleyball - Luann Cormier (Franklin). Soccer - Mike Steinborn (Franklin).

The Cross Country Team once again (4th consecutive time) captured the Franklin Town Trophy. This team established itself as a league power, finishing second in the league and third in the State Vocational Meet.

A new sport emerged this year at Tri-County — Volleyball. The team was very representative and should be very competitive next fall.

The Football Team played its first night game at North Attleboro's Community Field and also flew to a game against Nantucket High School.

Once again, the Tri-County Boosters provided the athletes with three Sports Banquets and the seniors received their letter jackets.

The Athletic Department looks forward to 1984 with a new spirit and a renewed dedication to competition and participation in athletics.

#### **Student Activities**

The Junior Class held its annual festive Junior Prom at the Sheraton Mansfield in Mansfield, Mass. The prom committee along with their advisor, Mr. Slaney, worked diligently to formulate plans that provided a successful and fun evening for everyone. The manner in which the students accomplished this task was professional, polite, and mature, which elicited several complimentary remarks from the business representatives with whom they worked.

A Halloween Dance was initiated by the Junior Class this year and, with the help of their

advisor and other staff members, they managed in a very short period of time to decorate the cafetorium, contact a disc jockey, and sell tickets. Ten-dollar gift certificates were presented to the most original, the most creative, and the scariest costume of the evening. It was such a success that it will no doubt be a yearly event.

Distributive Education identifies a program of instruction which teaches marketing, merchandising, and management. DECA, Distributive Education Clubs of America, is an organization whose program of leadership, personal development, and career encouragement is designed specifically for students enrolled in distributive education.

At Tri-County, the Distributive Education program has been very active in DECA for the year 1983. In February, thirty-five students of the Tri-County DECA chapter attended the District II Leadership Conference held at Sturbridge, Mass. Over 300 students participated in the conference from eleven schools. The students took two competency based exams in Distributive Education careers and the top six students in each area competed in the State Leadership Conference.

Several Tri-County students won second and third prizes in these competitions, and although there were no gold medal winners to send to the nationals in June, the DECA students are determined to participate in the events in Kansas City in 1984.

The Class of 1983 had several successful fund-raising and class-related activities during their senior year. Flower drives, rock poster sales, and a senior class outing produced revenue and were very well supported by class members. The annual blood drive sponsored by seniors was so well done that more than 110 pints of blood were collected — a record breaking number for Tri-County.

Of course, the highlight events were the Senior Dinner Dance and Graduation. In attendance were 120 seniors along with a large number of faculty members. After a buffet dinner prepared and served by the Culinary Arts students, everyone danced to and enjoyed the music of the "Rough Mix".

On Sunday, June 5, 1983, the seniors assembled for the last time to greet friends, sign yearbooks, and say goodbye. The weather cooperated and the outdoor graduation ceremonies were pleasant and enjoyable. The Southeastern Community Concert Band provided music for the event and Reverend Alan Cleeton of Franklin gave the invocation and benediction. The address to graduates was given by Mr. Carl Lind, Director of Operations at Analog Devices, Norwood, Massachusetts.

Graduates from the town of Walpole were: Andrea Barnes, Gina Bendinelli, Kevin Conlon,

Jeffrey Cook, Kenneth Cotter, Laura Cullen, Brian Delmar, Richard DiPlacido, William Doucette, Gregory Ducharme, Darlene Dziubaniuk, Patrick Faretta, Deborah Fitzgerald, Jeffrey Fleck, Randy Follett, Steven Foster, Michael Giffen, John Gillis, Jane Grysell, Barbara Hallgren, Edward Hamel, John Hamilton, Eric Harrison, Edward Hartmann, Donald Hayward, Jerome Healey, Wendy Hicks, Susan Idman, Robert E. Johnson, Robert P. Johnson, Thomas Jones, Lisa Karmalin, John Kennedy, Eva Kipp, Kenneth Lind, Deborah Lynch, Kevin MacKay, James McLaughlin, Paul Meau, James Moriarty, Joseph Nuovo, Robert Payne, David Peterson, Paul Powers, Paul Purpura, Christopher Rando, Thomas Reinert, Domenic Restaino, Eric Roschelein, Mary Scherer, Kristin Schuller, Sharon Seggers, Michael Shephard, David Smith, Christine Stanley, Gerard Sullivan, David Tracey, Karen Tracey, Andrew Verrochi, Heather Waite, Chris Ward, John Weber, Andrew Syllie, Jane Yurick, Brad Zinnack, Christopher Zitoli.

The Fall of 1983 brought with it what might

be one of Tri-County's most significant and profound developments — the establishment of a SADD Chapter at Tri-County.

Mr. Robert Anastas, the founder of SADD (Students Against Driving Drunk), came to Tri-County and spoke to the entire student body. During Mr. Anastas' two-hour presentation, students learned of the goals of SADD which focus on the elimination of the drunk driver and the saving of lives. All students, through their English classes, have embarked upon a fifteen session curriculum which will alert and inform students of the potential dangers of alcohol misuse and abuse. Following these sessions students and parents will join in a contract which commits the parent or friend to drive an alcohol-impaired student home from anywhere at anytime.

The students of Tri-County have willingly and enthusiastically joined in this program to combat the number one killer of young people — the drunk driver. They have been given the school's complete support and are confident of receiving their parents' support as well.

## PUBLIC LIBRARY

### Staff:

Library Director	Lynda R. Heller
Administrative Assistant	Dorothy Wronski
Technical Services Librarian	Louise Hawkins
Children's Librarian	Ruth Mahon
Assistant Children's Librarian	Loretta Parasco

The Walpole Public Library has enjoyed an active and progressive year during 1983. The Library continued to provide books, magazines, newspapers, recordings, art prints, microfilm, museum passes, readers advisory and reference services in addition to activities and programs for all age groups.

The Adult Department had two new, exciting offerings during the summer. Two Apple II computers were made available by the Walpole School Department for use at the Library by the public. The computers were very popular with users of all ages. Many youngsters enjoyed teaching their parents the computer fundamentals they had learned in school and many adults had a chance for hands-on experience and an introduction to this new technology. In July the library began circulating Polaroid Sun Cameras. The cameras were made available to the Library through Polaroid's "Check This Out" program.

The cameras are available for weekly loans and have proved popular during holidays, vacations, and for special occasions.

Adults attended programs on Financial Planning, Returning to Work or Changing Careers, Fund Raising and Introduction to Computers.

The Children's Department continued to provide the best in reading materials and recorded stories and cassette-book sets. Circulation in the Children's Department has increased by 15% since last year — an indication that the materials and services provided are being used more than ever.

Pre-school story hours for children 3-5 years of age were held twice a week except for the summer months. Mrs. Patricia Howes conducted an additional story hour concurrent with those done by library staff members that allowed even more children to participate in this positive learning experience. Library tours, orientation for school groups, and loan of classroom collections are on-going activities. Film, craft, music, storytelling, puppet and educational programs were held throughout the year. Exhibits from the Children's Museum, Stony Brook Nature Center's Program on Learning About and Drawing Animals, Dr. Marks' participatory talk on pet

care and Mrs. Kingsbury's Music at the Library for Pre-schoolers are examples of the variety of programs offered to children. Contests were fun vehicles for celebrating special weeks. A favorite book character contest was held for National Children's Book Week.

Two reading clubs were held; Mr. Big Foot during the winter and Pirate Treasure Hunt during summer school vacation. Both clubs included younger children's Read-To-Me sections for those children too young to do their own reading. Six hundred eighty-four children participated in the reading programs.

The Friends of the Library continued to provide support for the Library. Their annual book sale was very successful. The Friends sponsored programs such as: Tuesday Night Films, Wine Tasting, Herbs and Potpourries, Herbal Wreath Workshops and Homebound Book Delivery Service. They also donated cassette tapes and a much needed fan.

Computerized Library Information for Patrons is the title of a resource sharing program being developed jointly by the Walpole, Sharon and Norfolk Public Libraries. Fund Raising efforts have been initiated to provide the microcomputers needed for the project. Part of the resource sharing is the exchange of large print books between the Sharon and Walpole

Libraries begun during the fall. We are able to provide our patrons with more materials without the expenditure of more money.

Additions to the Library this year included a new microfilm reader donated by the Daily Transcript, donations of books and periodicals, hundreds of memorial books, an Audubon Society membership and a weeping cherry tree and other landscaping donated in memory of Dolores Munson.

The East Walpole Book Deposit Center has continued to be an important feature in East Walpole. The Bird Foundation held an open house and all-day celebration during the summer commemorating the 100th birthday of the building and honoring library volunteers.

The Walpole Arts Council has continued to provide the library with monthly art displays and programs. The Arts Lottery Commission approved a grant for author lecture programs to be held at the library during 1984.

I would like to thank the Library Staff, Board of Trustees, Town Administration and Friends of the Library for their cooperation and commitment to providing quality library services. Special thanks go to dedicated volunteers Mary Locke, Patricia Howes, Myrna Tobin, and Gayl Sanzi. Thanks also to our library patrons for their helpful suggestions and continued support.

# TOWN PLANNING

## WALPOLE PLANNING BOARD

The Planning Board meets the first and third Thursdays of the month, plus special meetings as required. Twenty-nine meetings were held this year, plus joint meetings with other Boards and Town Officials to discuss items of mutual concern.

The Board reviewed and acted on over 42 Form A's, and reviewed numerous study and preliminary plans. Subdivisions accepted during 1983 were Mulberry, Evergreen and Hilltop Estates. Subdivisions approved and commended were Bubbling Brook II, Summerfield Acres, and Marylyn's Way. Over 28 Board of Appeals plans were reviewed, and 14 Public Hearings

were held. In January of 1983 the Planning Board revised the filing fees for subdivisions, which led to increased fees collected of \$8,602.88 during calendar 1983, while calendar 1982 recorded fees collected at \$555.00.

During 1983 the Board continued to review the Rules and Regulations governing subdivisions, the Zoning By-Laws and the Zoning Map. The Board proposed zoning by-law changes, increased the fees, and amended Rules and Regulations.

In the May Town Elections, Mr. Albert C. Miller was elected to the Planning Board.

## PERSONNEL BOARD

The Personnel Board was established in 1954 to administer and enforce a classification and compensation plan for all non-exempt town employees.

In April of 1983, the Personnel Board submitted to Town Meeting recommendations for a revised and updated part-time employees salary schedule; funding for merit increases for non-union employees; and amendment of Article 19, Education, of the Personnel By-Laws.

Members of the Personnel Board are: Kenneth S. Woodard, Chairman, Daniel J. Bielenin, H. Michael Boyd, John J. Daly, and Francis M. Wall. During 1983, Mr. Wall replaced Mr. Joseph C. Moraski as a member of the Personnel Board.

The Personnel Board approves salary actions on non-union merit increases, promotions, transfers, reclassifications, union step increases, along with regular yearly union increases. The Personnel Board processed over two hundred such personnel actions during 1983.

Mr. Daniel J. Bielenin served on the negotiating team for the Fire Department's new contract. Mr. Francis M. Wall served on the negotiating team for the Clerical union contract.

The Personnel Board traditionally meets on the first and third Mondays of each month, at 7:30 p.m. The Public is invited.

## BOARD OF SEWER & WATER COMMISSIONERS

The Board of Sewer & Water Commissioners was established in 1973 by virtue of the "new" Town Charter. This Commission consists of five members elected at large by vote of the registered voters of the Town for three years, overlapping terms such that the term of office of

not more than two members shall expire each year.

In May, Edward J. Delaney was re-elected as chairman of the Board, Robert Barrett was reinstated as clerk and remaining members were Patrick Fasanello, Edward Forsberg and William Abbott.

Mr. William L. Richard is the Sewer & Water Superintendent and Mr. Steven Niro, Asst. Superintendent.

The Board of Sewer and Water Commissioners, under the Home Rule Charter, have exclusive charge and control of the water department and water systems. They may establish fountains and hydrants, take by eminent domain or acquire by purchase or otherwise the waters or any portion of any pond, brook, spring, stream, or ground water sources within the limits of the Town for the purpose of establishing or maintaining a water supply system or a water distribution system; may hold all lands, rights of way and other easements necessary for collecting, storing, holding, purifying and treating such water and protecting and preserving the purity thereof and for conveying the same to any part of the Town.

The Board may regulate the use of the water and fix and collect just and equitable prices and rates for the use thereof and shall prescribe the time and manner of payment of such prices and rates; may cooperate or act jointly with any other city or town in the Commonwealth of Massachusetts in carrying out the powers and duties as therein set forth; and may make reasonable rules and regulations in connection with any of the duties and responsibilities herein above set forth.

The Board of Sewer and Water Commissioners have the general responsibility for the installation and maintenance of the sewers, sewage treatment plants and appurtenances, and drains located in the Town, and connected with said responsibilities, shall have all the powers reasonably necessary to effectuate same, and may from time to time adopt reasonable rules and regulations. Commissioners shall assign all work and maintenance projects to the town administrator for performance.

During the year, the Board handled numerous consumer complaints on water, sewer and drainage, which were resolved.

The Board of Sewer & Water Commissioners was involved in several important projects during the year which have been completed or are under construction this year.

Three Public Hearings were held with the IEP Inc. Consultants, on the School Meadow Brook Aquifer Protection Study.

Two public drinking fountains were established by the Commission.

The Town was awarded the Sewer Grant for Contracts 1, 2, 3, 4, & on Major Outfall Sewer Project.

Commissioners signed Status 286 Application and Resolution with the Commonwealth of Massachusetts for a grant to aid in the acquisition of aquifer lands.

The Department of Environmental Quality Engineering, Division of Water Supply, awarded a State for rehabilitating Walpole's water supply distribution system pursuant to Chapter 805 of the Acts of 1979, Leak Grant detection program Grant received; also Construction of Interceptor and Lateral Sewers Step III.

Policy changes were:

1. Water service piping policy.
2. Policy on Water Service Application Cut-Off Date.
3. Policy on Water Service Meter Pits.

It is the number one concern of the Commission to continue to work to improve the quality and supply of the Water System. The systematic Hydrant Flushing Program has had a positive effect on the water quality; we will continue the program to remove sediment from the lines.

The Board of Sewer & Water Commissioners wish to extend their appreciation to town officials for their cooperation and assistance throughout the year.

## HOUSING AUTHORITY

The Walpole Housing Authority has under its administration at the present time 172 units of public housing, 118 elderly units owned and operated by the Authority at Neponset View Terrace and Diamond Pond Terrace, and 49 units of HUD Section 8 Scattered Site housing units for family, elderly, and handicapped, funded by the federal Department of Housing and Urban Development. Five additional state-funded units under Chapter 707 are available for family and

handicapped persons, under a Scattered Site program funded in 1983. Funding for the elderly developments is from the state, under Chapter 667.

The Housing Authority announced its intentions to seek development funding for family housing construction as it becomes available from the state in the near future, to satisfy the growing need for this type of construction in Walpole. The need is demonstrated by the

waiting list for family housing now apparent from those waiting for the Section 8 program funding to become available.

The Housing Authority has completed its first year of occupancy at the elderly complex at Diamond Pond Terrace and is realizing the benefits of the passive solar construction that was employed in its design. The cost of operation during the winter months is approximately half that of the conventional type of housing. Also in the field of energy conservation, the Housing Authority undertook a program of renovation and modernization at Neponset View Terrace, with a grant from the state, which included additional attic insulation, repairs to flooring, weather-stripping of all doors, new fencing, roadway improvements, a replacement program for water heating and plumbing equipment where required, and other improvements as needed.

**HUD:** The first housing applications for Section 8 HUD were taken in January, 1980, and at the present time the Authority has under administration 49 units, 40 Walpole Certificate Holders, and an additional nine units issued by surround-

ing towns of Norwood and Needham, administered by the Walpole Housing Authority in Walpole.

Walpole has one, two and three bedroom unit certificates. This allows utilization of a medium rental apartment.

Apartments are secured by the applicant, contract is drawn between Housing Authority and Landlord. *Tenant pays 30% of net adjusted income toward rent, with the balance subsidized.*

**707:** Chapter 707 was sought by the Authority in an application filed in 1982. Five units of Scattered Site Housing were granted in December, 1983, under the legislative funding round. This program will operate in the same manner as the HUD Program outlined above, with funding coming from the State. This program is in its initial stages, with the Annual Contributions Contract with the Commonwealth having been signed by Chairman George Tyner in December.

Chapter 707 funding is expected to begin the first quarter of 1984, with the first five units. This program had been sought on two previous occasions in the 1970's unsuccessfully.

## PERMANENT ADVISORY BUILDING MAINTENANCE COMMITTEE

The Permanent Advisory Building Maintenance Committee makes an inspection each fall of all public buildings, schools, parks, and playgrounds. It then makes detailed recommendations, including cost estimates, to the Board of Selectmen and through them to the Finance Committee for the maintenance and improvement of the various properties.

The committee is helped in its work by various town officials and departments; the superintendent of buildings, the school department and others.

The amount recommended to be spent for proper upkeep during the next fiscal year, July 1, 1984 to June 30, 1985 is \$345,717 which is approximately 7.5% more than the amount approved for the present fiscal year. As in the past, the majority of the total will be spent on schools.

The work budgeted for fiscal 1982-1983 was completed and it is expected that the work budgeted for fiscal 1983-1984 will be completed on schedule.

## INDUSTRIAL COMMISSION and INDUSTRIAL DEVELOPMENT FINANCING AUTHORITY

The Industrial Development Financing Authority (I.D.F.A.) meets and acts when applications are received under the industrial revenue municipal bond program. Maintenance of this vital program to smaller businesses and downtown revitalization projects has had the support of Massachusetts Industrial Finance Agency (M.I.F.A.) as a main thrust of their program beginning this year (1983).

The I.D.F.A. has had no applications for municipal bond issues for industrial development financing during the past year - 1983.

The Industrial Commission sent out questionnaires to the industries and businesses within the Town of Walpole to determine present and future plans for land or building expansion.

The reply to these questionnaires was informative and this has been most helpful to the Industrial Commission.

Inquiries for industrial and commercial real estate from brokers and agents re: availability of industrial and commercial property - especially from out-of-town enterprises, ex. Boston, Natick, Worcester, etc. - continues to give us a better idea of what they are looking for. We look forward to increased activity of this type.

The great problem facing Walpole is that much of the available land is located in areas which would be desirous for industry and commerce to locate but is not ecologically sound in many cases for the Town of Walpole's future needs and requirements.

# FINANCES

## TOWN TREASURER

The fundamental duty of the Town Treasurer is to take charge of all Town funds. These funds come from several sources, such as taxation, charges, fees, federal and state grants.

During the year, the Treasurer's office handles over fifty million dollars. This office is one of the highly complex Town departments, maintaining numerous accounts and extensive records covering such areas as borrowing, bonding, investments, tax titles, cemeteries, trust funds, payroll and all deduc-

tions for same, reconciling and disbursing accounts payable.

Several times during the year when receipts cannot meet expenses, the Treasurer has to borrow in anticipation of tax revenues. This fiscal year the Treasurer had to borrow \$5,500,000 in anticipation of taxes.

During the fiscal year investments made in the Town Treasurer's office realized the following in interest:

General Cash	\$182,986.24
Revenue Sharing	26,421.06
Conservation Fund	1,746.64
Stabilization Fund	3,319.73
Pension Fund	21,664.34
Investments: Certificates of Deposit and Repurchasing Agreements as of 6/30/83	\$2,824,764.78

	Savings	Checking
BayBank/Norfolk	126,020.33	617,579.27
Boston Safe	—	2,431.81
Capital Bank & Trust	1,717.96	4,964.21
Bank of Boston	1,206.23	1,512.42
Bank of New England-Hancock	1,137.40	5,674.53
Bank of New England	170,772.55	8,908.35
Shawmut Bank of Boston	296.58	2,097.96
South Shore Bank	550.61	733.61
United States Trust Co.	3,820.64	6,229.82
Century Bank & Trust	296,455.49	—
State Street Bank	10,941.78	—

Total Treasurer's Cash—June 30, 1983	\$1,263,051.54
	\$4,087,816.32

**Trust Funds and Balances June 30, 1983**  
Trust Fund accounts are recorded and balanced

by the Treasurer's Office. The Trust Fund Commissioners invest and dispense monies in these funds.

*Conservation Fund	5,526.33	13,000 Inv.

## FINANCE COMMITTEE

The Finance Committee, comprised of 15 members appointed by the Town Moderator to serve a three year term, is one of the most active and interesting committees serving the voters of the Town of Walpole.

The degree of activity is almost mind boggling when you consider that as a full committee and/or subcommittees we make recommendations on all budgets and all articles on the warrant for the spring and fall Town Meetings as well as special meetings.

It is not uncommon for the Finance Committee to expend thousands of man hours in the process of deliberation for the purposes of providing recommendations to the Town Meeting Members.

All chairmen consider the responsibility in a different light. The present chairman considers the Finance Committee to be an extension of the Town Meeting and the body to whom Town Meeting turns and expects study in detail on

complicated aspects of not only budget matters but warrants and related articles.

While operating under the constraints of Proposition 2½, the Finance Committee attempts to balance the budget process while providing for continued capital improvements. This often necessitates difficult financial decisions void of natural emotional response - and this is as it should be.

Town Meeting can, and should, expect a knowledgeable, forceful, well documented Finance Committee in order that they may not be needlessly tied up with the more minute/complicated aspects of a particular item.

The Finance Committee typically holds its meetings on Monday and Thursday and must hold by law a public hearing prior to the Spring Town Meeting. These meetings are open to the public, and your participation and involvement both at a committee level and at a meeting level is highly recommended and encouraged.

## BOARD OF ASSESSORS

In an effort to comply with a state mandate to maintain all properties at full and fair cash value, the Board of Assessors worked in conjunction with Appraisal Consultants during 1983 to update our records. Legislation signed into law the early part of 1983 requires cities and towns to be certified by the Department of Revenue every three years. Briefly, the interpretation of "full

and fair cash value" is grounded in the Massachusetts Constitutional requirement that direct taxes on persons and property be proportionately and reasonably imposed.

The towns tax levy of \$11,747,665 reflects an increase of \$279,809 or 2.4 percent. According to statistics from the Department of Revenue, Walpole had a significantly smaller tax rate in-

crease as compared to other communities.

On April 29, 1983 Robert A. Cobb resigned as a member of the Board of Assessors. The subsequent town elections on May 7 resulted in Peter

L. Turco being named unanimously as Chairman with Gerard E. Comeau as Clerk and Robert A. Cobb the third member of the board.

## TOWN COLLECTOR

The fiscal year ending June 30, 1983 saw many changes in the office of the Town Collector. One of the most important changes was that of an election and the swearing into office of Kenneth G. Arthur of 10 Woodard Road on May 9, 1983.

The office of the collector, under the prior administration, was run as in years past with emphasis on communication between the office and the taxpayer as the best means of resolving problems that may have arisen or a method of informing the taxpayer of changes in procedures.

The office is mandated by state statute as to their procedures and although the state issues these laws, it is up to the town to educate and inform the taxpayer of the changes and to enforce them. Although the office may send notices and publish periodicals pertaining to such changes in the law, and advise the taxpayer through the local newspapers, the collector's office cannot force the taxpayer to read such material. It is then, by state law, that the taxpayer seek out his or her tax liabilities. The Town Collector is responsible for the collections of all monies due the town and to turn such monies to the Town Treasurer, weekly.

The collections of taxes and revenues for the Town of Walpole are committed by the assessors or other town departments (e.g. Water

Dept., Police, Ambulance). The collector can only *collect* monies due on a bill and *advise* a taxpayer as to where to find answers to a question on a bill sent from his office.

Real Estate Tax and Motor Vehicle Excise questions are directed to the Board of Assessors. Water and Sewer questions are directed to the Water and Sewer Commissioners. Questions arising because of Taxes in Tax Title are directed to the Town Treasurer. There are also other departments involved in billing and the taxpayer. If you have a question, please do not hesitate to seek assistance from my office.

During my campaign, I stressed the importance of modernizing the office with computer terminals and outside services in order to expedite the collections and turnovers to the Town Treasurer. May 9th to June 30, 1983 was a very short time for me to adequately address the needs of the collector's office. However, the needs were very plain to see and my goals for F/Y 1984 were put into place the following months. As I have stated before, "Today's management of money depends on today's cash flow."

The town had hired an auditing firm to audit the books and as of June 30, 1983 the following balances were reported.

### Major Committed Accounts Due The Town Of Walpole

#### Real Estate Taxes

F/Y Ending	Amts. Committed to collect Tax Rate \$22.90/M	Amts. Collected During F/Y 6/30/83	% Unpaid	Amts. Due as of June 30, 1983
6/30/83	\$10,989,012.68	\$10,501,635.99	4.44%	\$487,376.69
6/30/82	672,230.06	469,684.43		202,545.63
6/30/81	106,739.04	89,044.09		17,694.95
Prior	380,340.88	359,448.22		20,892.66
R/E Totals:	\$12,148,322.66	\$11,419,812.73		\$728,509.93

### Personal Property Taxes

6/30/83	\$ 515,322.02	\$ 459,209.45	8.91%	\$ 56,112.57
6/30/82	26,153.12	8,606.08		17,547.04
6/30/81	327.89	-0-		327.89
Prior	6,525.26	-0-		6,525.26
P/P Totals:	\$ 548,328.29	\$ 467,815.53		\$ 80,512.76

### Motor Vehicle Excises

Tax Rate \$25/M

6/30/83	\$ 510,094.79	\$ 373,291.54	7.32%	\$136,803.25
6/30/82	377,694.81	359,823.75		17,871.06
6/30/81	23,199.12	9,861.01		13,338.11
Prior	232,362.04	16,356.29		216,005.75
M/V/E Totals:	1,143,350.76	759,332.59		384,018.17
Grand Totals:	\$13,840,001.71	\$12,646,960.85		

Total major monies due Town of Walpole 6/30/83 \$1,193,040.86

If amounts due the town (as above) had been collected, it would have reflected a reduction of \$2.35 per thousand valuation. This represents, if the average taxpayer's home is valued at \$80,000, a savings of \$188.00 would be realized on their following tax years Real Estate Tax bill.

The preceding information represents:

6,400 parcels of Real Estate and approx-

imately 15,360 bills and demands mailed  
17,800 Motor Vehicle bills representing approx. 21,360 bills and demands mailed  
250 Personal Property tax accounts representing approx. 600 bills and demands mailed

All of these total 37,320 individual bills mailed from the collector's office.

### Summary of Town Collector's Budget (Actual 6/30/83)

Salaries:	
Town Collector	\$ 9,900.00
2½ Full-time employees	29,704.00
2 Part-time employees	7,655.00
Total Salaries:	\$47,259.00

Expenses:	
Legal	3,000.00
Postage	5,900.00
Other services, Office Supplies	5,874.00

Total Actual Cost of  
Collector's Office: \$62,033.00  
or 0.541% of total revenue of \$11,466,030.00  
raised by Real Estate and Personal Property Taxes.

This represents a cost of approximately \$1.66 for each bill mailed, received, and processed thru this office.

# SELF-HELP, INCORPORATED

Self Help, Inc., is Greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited income individuals and families, and making all segments of the community responsive to the needs of limited income, disadvantaged and minority needs.

During the program year ending September 30, 1983, Self Help, Inc. received a total funding of \$11,491,998 and provided 700,828 direct services to the area's limited income individuals and families.

Walpole residents received 7,828 direct services totalling \$161,489 during our program year.

The total funding of \$11.5 million does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled

us to mobilize an additional \$1,062,180 of other community resources such as CETA, Commonwealth Service Corps. and local city and town contributions as well as volunteers. The gross volume of Self Help, Inc., during the past program year was \$12.6 million.

Self Help currently employs 252 individuals, many of whom are limited income and minorities.

We feel that the program year 10/1/82 to 9/30/83 was a successful one for Self Help, Inc., and very helpful to our limited income population. We thank the area's Board of Selectmen and town volunteers for helping to make our program a success.

# GROSS SALARIES, TOWN EMPLOYEES

Printed below are the gross salaries of town employees who earned more than \$500 in 1983. The information was obtained from the treasurer's computer run and should be accurate. We

would like to stress that these are not necessarily straight time earnings and may include overtime, stipends for extra duties, and in some cases, income from more than one department.

# **TOWN MEETING ABSTRACTS**

NOTE: The following reports of town meetings are condensed from the official reports and indicate motions which bind the town. For details of debate and subsidiary motions the reader is referred to the official minutes in the office of the town clerk.

## **COMMONWEALTH OF MASSACHUSETTS TOWN OF WALPOLE ANNUAL TOWN MEETING (Spring Session) April 4, 1983**

Norfolk, ss

Pursuant to the foregoing warrant of April 4, 1983, the Annual Town Meeting (Spring Session) of the Town of Walpole was called to order at 7:35 PM in the Eleanor N. Johnson Middle School by Moderator Robert B. Boyd. All rules and regulations concerning the call of a town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Town Clerk, Louis E. Hoegler, attested to proper return of the warrant.

It was Moved, Seconded and

VOTED: That all Motions of the Finance Committee be Main Motions.

### **ARTICLE 1**

It was Moved, Seconded and

VOTED: To defer action on this article until Wednesday, April 6, 1983.

### **ARTICLE 2 REPORT OF RULES COMMITTEE**

On Motion of the RTM Rules Committee,

It was Moved, Seconded and

VOTED:

That the rules Applying to the conduct of Representative Town Meeting be amended as described below:

Section 1-c Correct typo error from "publix" to "public".

Section 2-b Correct typo error from "ir to or".

Section 4-b Correct typo error from "county to count".

Vote: UNANIMOUS

It was Moved, Seconded and

VOTED:

Section 4-c Delete last sentence

Section 4-d Rewrite in entirety as follows:

Any vote, requiring a majority vote for passage, that ends in a tie shall result in defeat of the motion. There is no appeal of a Roll Call vote or a Secret Ballot vote as called by the Moderator.

SECTION 6-c Correct typo error from "recinsidered to reconsidered" and add "articles for" after the word of.

**SECTION 7** Rewrite in entirety as follows:

- a. In conformity with the ACT establishing Representative Town Government in Walpole, Chapter 709 of the Acts of 1969, and in conformity with the Town Charter, written notification of the first session of all Town Meetings will be mailed to all Town Meeting Representatives.
- b. The first session of all Town Meetings shall be scheduled on a Monday evening, and in the event of a lack of a quorum, shall automatically be rescheduled for the following Monday evening and shall be so posted by the Town Clerk in one or more locally distributed newspapers. Additional sessions as may be required shall be scheduled for the following consecutive Wednesdays and Mondays until dissolution.
- c. A town Meeting shall be considered cancelled on any day on which school, at the location of Town Meeting, has been cancelled and shall reconvene on the next nearest Monday or Wednesday evening.

**SECTION 11-e** Rewrite in entirety as follows:

A meeting may be adjourned at any time upon a motion made and seconded and carried by a simple majority.

Such a motion shall carry a time and place for convening the subsequent meeting as stipulated under SECTION 7b and 7c.

**VOTE: UNANIMOUS**

**ARTICLE 3**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town appropriate from taxation the sum of \$10,000 to engage a Certified Public Accountant or firm of accountants to audit all accounts of the Town in accordance with Article VI, Section 10-B of the Walpole Home Rule Charter.

The Meeting recessed at 8:45 PM for the purpose of holding a hearing on the Federal Revenue Sharing Fund.

The Meeting reconvened at 8:50 PM.

**ARTICLE 4**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town approve the amendments to the Personnel By-Laws as follows:

Amend Article 19, Education, to read:

Any full time employee of the Town may participate in this program if the course(s) taken is job related and is approved by the Department Head and the Town Administrator subject to sufficient funding. An employee should receive approval prior to registering for the course, pay for the course, and after satisfactory completion, will receive reimbursement from the Town upon receipt of course credit and submission of expense voucher for tuition, laboratory costs and books. The maximum allowable education aid for each school year shall be \$600.00 per employee. There is no reimbursement for the time spent during the course, mileage or any other expenses.

**ARTICLE 5**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town approve the new Salary Schedule as recommended by the Personnel Board.

## TOWN MEETING REPRESENTATIVE, FOR TWO YR. UNEX. TERM, VOTE FOR ONE

As fifteen write-ins each received one vote for this unexpired term, the remaining RTM Members of Precinct 7 resolved the issue at a meeting on May 23, 1983 prior to the call of the Special Town Meeting. Judith D. Hart, 7 Northwood Drive was elected under the provisions of Section 2-6 (C) of the Home Rule Charter.

Louis E. Hoegler  
Town Clerk

**OFFICE OF THE TOWN CLERK  
TOWN HALL  
RECOUNT OF MAY 25, 1983**

The following is the statement appearing on the petition for recount filed under this office in the interest of Michael D. West, a write-in candidate for Town Meeting Representative in Precinct 5 in the general town election held on May 7, 1983.

"1. Four (4) registered voters attest that they wrote in the name of Michael West who lives at 23 Brown Drive, Walpole as a write-in candidate for Town Meeting Representative (5th precinct) in the general town election held on Saturday, May 7, 1983.

2. On no official records was the name, Michael West, recorded.

3. Two write-in contenders each received 2 votes as announced in the press.

4. Because of the above reasons, the 4 registered voters believe that the results are erroneous since their votes were not reported in the official account released by the Town Clerk's office."

In compliance with Chapter 54, Section 135 the following actions were taken.

A meeting of the Board of Registrars was held on May 17, 1983 at 8:00 PM in the Town Clerk's office. Present were Charles M. Boothby, Chairman, George B. Delaney, Gene M. Farrell and Louis E. Hoegler, Clerk.

The eighteen signatures on the recount petition were certified as qualified voters in Precinct 5.

It was voted that the recount of votes for the office of Representative Town Meeting Member in Precinct 5 be held on Wednesday, May 25, 1983 in Blackburn Memorial Hall.

It was voted to appoint Mary T. Harrington, Elizabeth Densberger, Janice Young, Sara Verbeck, Roberta Harrison & Joanne Damish as Clerks, James Turco as Warden and Claire Abril as Tally Clerk.

The following letter was sent by certified mail to the following, all of whom had received votes as Representative Town Meeting Members in Precinct 5. Walter I. Barnes, W. Roderic Bruce, Michael DeRosa, Jr., Gerard Duffy, Cynthia P. Green, Jean Hogan, John A. Macchi, William P. Ryan, Stephen Sullivan, Warren Vance and to Michael West on whose behalf the petition for recount was filed.

"May 18, 1983

Dear Candidate:

In accordance with Chapter 54, Section 135 of the Massachusetts General Laws, you are hereby notified that there will be a recount of votes for the office of Representative Town Meeting Member in Precinct 5 on Wednesday, May 25, 1983 at 7:30 PM in the Blackburn Memorial Hall.

You are further notified that you are entitled to three observers and legal counsel. The names and addresses of the observers and counsel should be on file in the office of the Registrars of Voters not later than 12:00 o'clock noon on Monday, May 23, 1983 in order to participate in the recount."

In response to the above letter, the following letter dated May 23, 1983 was received by the Board of Registrars:

"Board of Registrars  
Town Hall  
Walpole, MA

In response to your letter of May 18, 1983 we submit the names of three observers in order to participate in the recount of Wednesday, May 25, 1983.

Virginia Marshall, 14 Oak Hill Drive  
Dana Marshall, 14 Oak Hill Drive  
Carolyn Baughman, 16 Oak Hill Drive

s/Carolyn E. Baughman"

The results of the recount follows:

Walter I. Barenas, 86 Norfolk Street	321
W. Roderic Bruce, 199 Spring Street	285
Michael DeRosa, Jr., 20 Oak Hill Drive	294
Cynthia P. Green, 153 Lincoln Road	287
Jean L. Hogan, 705 West Street	289
William P. Ryan, 3 Spring Valley Drive	307
Michael West, 23 Brown Drive	5
All others	16
Blanks	1430
	<hr/>
	3234

In accordance with Chapter 54, Section 135 we declare that Michael West, 23 Brown Drive, Walpole is the successful write-in candidate as Representative Town Meeting Member in Precinct 5 in a recount conducted on May 25, 1983, from 7:30 PM to 9:30 PM.

Charles M. Boothby  
George B. Delaney  
Gene M. Farrell  
Louis E. Hoegler  
Registrars of Voters

**COMMONWEALTH OF MASSACHUSETTS  
TOWN OF WALPOLE  
ANNUAL TOWN MEETING  
SPECIAL SPRING SESSION  
MAY 23, 1983**

Norfolk, ss

Pursuant to the foregoing warrant of May 23, 1983, the special Spring Session of the Annual Town Meeting was called to order at 7:35 PM in the Eleanor N. Johnson Middle School by Moderator Robert B. Boyd. All rules and regulations concerning the call of a Special Town Meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Town Clerk, Louis E. Hoegler, attested to proper return of the warrant.

The following Tellers were appointed: William Maloney and Garrett Dalton.

**ARTICLE 1**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town amend Article II of the 1983 Annual Town Meeting by deleting the words "raise and appropriate from taxation" and inserting the words "transfer from free cash".

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 7:40 PM.

LOUIS E. HOEGLER  
TOWN CLERK

**COMMONWEALTH OF MASSACHUSETTS  
TOWN OF WALPOLE  
SPECIAL TOWN MEETING  
SEPTEMBER 12, 1983**

Norfolk, ss.

Pursuant to the foregoing warrant of September 12, 1983, the Special Town Meeting of the Town of Walpole was called to order at 7:35 PM in the Eleanor N. Johnson Middle School by Moderator Robert B. Boyd. All rules and regulations concerning the call of a special town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Town Clerk, Louis E. Hoegler, attested to proper return of the warrant.

It was Moved, Seconded and  
VOTED:

To waive the reading of the warrant.

It was Moved, Seconded and  
VOTED:

That all Motions of the Finance Committee be the Main Motions.

The following Tellers were appointed: John M. Farrell and Walter Pelrine.

**ARTICLE 1**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town approve the monetary items in an agreement between the Town of Walpole and the American Federation of State and Municipal Employees, AFL-CIO, Massachusetts Council 93, Local 1957, School Teacher Aides and Cafeteria Employees for the period from July 1, 1982 through June 30, 1985, and raise and appropriate from taxation the sum of \$8,118 to defray the costs of said agreement for the period of July 1, 1982 through June 30, 1984.

**ARTICLE 2**

It was Moved, Seconded and  
VOTED:

To amend the Main Motion by striking "June 30, 1985" and inserting August 31, 1985.

Main Motion of the Finance Committee,  
as Amended, was then  
Moved, Seconded and  
VOTED:

That the Town approve the monetary items in an agreement between the Town of Walpole and the American Federation of State and Municipal Employees, AFL-CIO, Massachusetts Council 93, Local 1957, School Secretaries for the period from July 1, 1982 to August 31, 1985, and raise and appropriate from taxation the sum of \$26,604 to defray the costs of said agreement for the period of July 1, 1982 through June 30, 1984.

**ARTICLE 3**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town take NO ACTION.

#### ARTICLE 4

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town take NO ACTION.

#### ARTICLE 5

On Motion of the Finance Committee,  
On 2/3 Vote required,  
It was Moved, Seconded and  
VOTED:

That the Town raise and appropriate from taxation the sum of \$1.00 to accept as a gift, purchase or take by eminent domain for utility purposes voted under Article 38 of the Spring 1983 Annual Town Meeting to include but not limit to portions of Assessors' Parcels D110-A, D116, D115-1, D117, D118, D119, D109-A-1, D109-A-2, D115, D106, D120, D404-1, D209, D208-3, D207-1, D207-2, D224-2, D226-B-2, D226-B-1, D224-1, D226-1-A, D227, D229, D394, D395, D354, D605, D547-B, D350, D604, D353, D604-B, D603, D622-1-2-A, D622-1-2-B-B, D622-1-2-B-A, D620, D549-2, D549-1, D548, D547-A, D546-C, D546-B, D546-A, D545-B, D545-A, D542, D591, D543, D537, D590, D592-A, D1244-1, D1244-2-A, D1244-2-B, D1244-3, D1244-5, E1608-1, E930-A, E930, D1244-6, E1015-44, E1015-45, E1013-6, D1244-7, E3074 thru E3111, E1200 thru E1395, D1244-8, D1244-9, D1244-10, D1244-11, D1244-12, D1244-13, D1244-14, D1244-16, D1244-16-1, D1243-9, D1243-9-1, D1241-9, D1248-13, D1248-A-20, D1248-20-1, D1248-20-2, D1309-1, D1317-1, D1316, D1317-2-A, F409-10, D1355, D408, F409-11, F409-12, F409-13, F409-14, F426-A-15, F409, F426-A-2, F425-B-B, F430, F425-B-A, F425-B-5, F452-A-10, F452-A-6, F452-A-7, F504-1-12, F504-1-13, F504-1-1, F504-1-1, F504-1-2, F513-5-A, F513-6, F513-4, F513-2, F513-3, F513-5, F516-C-43, F516-C-43, F516-C-42, F516-C-23, F516-C-22, F516-C-24, F516-C-38, F516-C-39, F504-11, F504-12, F504-1-3 and F524A.

VOTE: UNANIMOUS

#### ARTICLE 6

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town raise and appropriate from taxation the sum of three hundred thousand dollars (\$300,000) for the Stabilization Fund.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 8:40 PM.

Louis E. Hoegler  
Town Clerk

**COMMONWEALTH OF MASSACHUSETTS  
TOWN OF WALPOLE  
ANNUAL TOWN MEETING  
(FALL SESSION)  
OCTOBER 17, 1983**

Norfolk, ss.

Pursuant to the foregoing warrant of October 17, 1983, the Fall Session of the Annual Town Meeting was called to order at 7:30 PM by Moderator Robert B. Boyd. All rules and regulations concerning the call of a town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Town Clerk, Louis E. Hoegler, attested to proper return of the warrant.

The following Tellers were appointed: Frank Hilts and Ralph Knobel.

It was Moved, Seconded and  
VOTED:

To waive reading of the articles in the warrant.

It was Moved, Seconded and  
VOTED:

To make all motions of the Finance Committee the Main Motions.

On Substitute Motion of the Planning Board,  
It was Moved and Seconded:

That the Finance Committee's recommendations shall be accepted as the Main Motions for all articles except 14 through 23. The Planning Board's motions shall be accepted as the Main Motion for articles 14 through 23.

Substitute Motion was:  
DEFEATED:      YES - 56                      NO - 63

**ARTICLE 1**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town accept the provisions of Clause Forty-One B of Section 5 of Chapter 59 of the General Laws as most recently enacted by Chapter 653 of the Acts of 1982 which provides for exemptions of certain amounts of real estate taxes for certain qualifying elderly property owners in the Town, or to accept any other legislation providing tax exemptions or abatements for the elderly or take any action related thereto.

**ARTICLE 2**

On Resolution of Bernard J. Duffy, Pct 3 RTM,  
It was Moved, Seconded and  
VOTED:

RESOLVED: That no capital expenditure acted on by the Capital Budget Committee be included as part of any operating budget when voted on by Town Meeting.

On Motion of Thomas McCormack, Pct 7 RTM,  
It was Moved and Seconded:

To take up Article 12 out of order.

Motion was: DEFEATED

### ARTICLE 3

On Motion of the Finance Committee  
It was Moved, Seconded and  
VOTED:

That the Town take NO ACTION.

### ARTICLE 4

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town approve the monetary items in an agreement between the Town of Walpole and the Walpole Permanent Firefighters Association and raise and appropriate by transfer from Free Cash the sum of \$26,959 to defray the costs of said agreement for the period of July 1, 1983 through June 30, 1984.

### ARTICLE 5

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town raise and appropriate by transfer from Free Cash the sum of \$6,000 to purchase self-contained breathing units for use by the Fire Department.

### ARTICLE 6

On Motion of the Finance Committee,  
It was Moved and Seconded:

That the Town raise and appropriate by transfer from Free Cash the sum of \$223,000 to make capital improvements to the Central Fire Station.

On Substitute Motion of Joseph M. Deneen, Pct 5, RTM,  
It was Moved and Seconded:

That space shown in proposed fire station renovation plans as being for Civil Defense be deleted. That the amount requested, \$223,000, be voted to prepare the existing police station/fire station for exclusive use by the Fire Department.

Substitute Motion was:  
DEFEATED

On Substitute Motion of Anthony J. Bruno, Pct 2, RTM,  
It was Moved and Seconded:

That the proposed project be turned over to permit the Building Committee to report back at next Annual or Special Town Meeting and to raise \$10,000 from Free Cash for architectural services.

Substitute Motion was:  
DEFEATED

Main Motion of the Finance Committee was then:

SO VOTED

#### ARTICLE 7

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town raise and appropriate by transfer from Free Cash the sum of \$37,000 to relocate existing municipal utilities and to pay other local costs assessed by the United States Department of Agriculture, Soil Conservation Service as it relates to the construction of the second phase of the Diamond Brook Watershed Project.

#### ARTICLE 8

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town appropriate by transfer from Free Cash the sum of \$20,000 to rehabilitate and make certain improvements to Mine Brook Well, Number One.

#### ARTICLE 9

It was Moved, Seconded and  
VOTED:

To Table until Wednesday, October 19, 1983.

#### ARTICLE 10

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town take NO ACTION.

#### ARTICLE 11

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town accept as a gift from Old Fisher Trust a parcel of land shown as Parcel "B" on a plan entitled "Town of Walpole, Mass. Plan of Old Fisher School Land prepared for Transfer Purposes" dated December 3, 1981 by Peter Boghossian, Engineer, said plan recorded July 25, 1983.

VOTE: UNANIMOUS

## ARTICLE 12

It was Moved, Seconded and  
VOTED:

To divide this Motion into sixteen parts.

### PART ONE

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

To delete old Article I. Section I. and replace with new:

#### ARTICLE I. SECTION I.

The Selectmen shall give notice of Town Meeting except adjourned Town Meetings by publication in a locally distributed newspaper and by posting attested copies of the warrant calling the same in at least two (2) public places in each precinct not less than seven (7) days before the day appointed for such meeting and not less than fourteen (14) days before any special town meeting.

### PART TWO

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

To delete old Article 1, Section 2, and replace with new:

#### ARTICLE 1. SECTION 2.

Notice of every adjourned town meeting, adjourned for more than two (2) days shall be posted by a constable under the direction of the town clerk, in not less than two public places in each precinct of the town and shall be posted within twenty-four hours after any such adjournment and shall, if time permits, be advertised in a locally distributed newspaper as soon as practical after adjournment.

### PART THREE

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

To delete old Article III, Section I and replace with new:

#### ARTICLE III. SECTION I.

The fiscal year of the town shall be as required or allowed by the General Laws of the Commonwealth of Massachusetts.

VOTE:     YES - 75             NO - 27

### PART FOUR

On Motion of the Finance Committee,  
It was Moved and Seconded:

That a new section be added to Article III as Section 8A.

On Substitute Motion of the board of Selectmen  
It was Moved, Seconded and  
VOTED:

That NO ACTION be taken on Article III, Section 8A.

STANDING VOTE:     YES - 52                      NO - 48

As the Main Motion it was:

SO VOTED

PART FIVE

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

To delete old Article IV, Section 4, and replace with new.

#### ARTICLE IV, SECTION 4.

The Board of Selectmen shall annually cause to be made available for the taxpayers of the town, the reports of the officers of the various departments and boards of the town, and reports upon such matters as directed by the town and these by-laws. The Board of Selectmen shall have the custody and supervision of the distribution of said annual town report.

The Board of Selectmen shall cause to be created a separate single master schedule or chart of fees/fines/penalties to be maintained by the Town Clerk; and said chart be available during regular office hours for public reference. This schedule or chart will then become the official schedule of fees/fines/penalties for the Town of Walpole.

It was Moved, Seconded and  
VOTED:

To adjourn this meeting to October 19, 1983 at 7:30 PM in the Eleanor N. Johnson Middle School. The Moderator so declared at 10:40 PM.

Louis E. Hoegler  
Town Clerk

**COMMONWEALTH OF MASSACHUSETTS  
TOWN OF WALPOLE  
ADJOURNED ANNUAL TOWN MEETING  
(FALL SESSION)  
OCTOBER 19, 1983**

Norfolk, ss.

Pursuant to the foregoing adjournment of October 17, 1983, the Adjourned Session of the Annual Town Meeting was called to order at 7:30 PM by Moderator Robert B. Boyd. All rules and regulations concerning the call of an adjourned town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

The following Tellers were appointed: Joseph Coburn and Philip DuBois.

**ARTICLE 2  
RESOLUTION**

WHEREAS, the Town recognizes the need to take aggressive action to protect the vital water sources of the School Meadow Brook

WHEREAS, recent protection studies have been performed on the School Meadow Brook Aquifer and existing contaminants have been found within the Town D.P.W. yard which has made clear the urgency of moving forward on certain critical projects and

WHEREAS, the Board of Selectmen, Sewer and Water Commissioners and Board of Health have met to develop a comprehensive plan of action to remove identified sources of existing and potential contamination;

Therefore, be it resolved that the Town Meeting vote to support the efforts of the Board of Selectmen, Board of Health and Sewer and Water Commissioners to implement the following plan and timetable for the relocation of the existing Central Gasoline Depot at the D.P.W. yard to an environmentally safe location:

- 1 . Perform Kentmoore Pressure Test immediately on existing gasoline depot tanks to verify present safety. Continue to perform Kentmoore Pressure Tests at 30 day intervals until relocation. Continue daily inspection of site and monitoring of tank levels.
- 2 . Select site for relocation of Central Gasoline Depot with primary consideration of municipal complex area near the Town Center. Factors for site suitability and design to include environmental soundness, safety consideration, operational effectiveness and aesthetics. This phase to be completed within 60 days.
- 3 . Obtain necessary permits and approvals from the Board of Selectmen, Board of Health, Sewer and Water Commissioners and Zoning Board of Appeals.
- 4 . Request Town Meeting action on necessary funding within 30 days after site selection and design is completed.
- 5 . If favorable action is taken by the Town Meeting, relocation of existing equipment and construction at new site to take place between April - June, 1984.

s/James P. Ginley    On Behalf of the Board of Selectmen

Edward J. Delaney    On Behalf of the Sewer & Water Commissioners

M. Eleanor Weissent    On Behalf of the Board of Health

SO VOTED

## ARTICLE 9

It was Moved, Seconded and  
VOTED:

To remove this Article from table.

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town take NO ACTION.

### PART SIX

On Motion of the Finance Committee,  
It was Moved & Seconded:

That a new section be added to Article XIII as Section 8A:  
No person shall deposit snow or leaves from private property onto streets or sidewalks of the town.

On Substitute Motion of John Ferrara, Pct 5, RTM,  
It was Moved, Seconded and  
VOTED:

No person shall deposit snow onto a sidewalk that has been plowed or deposit leaves from private property onto streets or sidewalks of the Town.

VOTE: YES - 74 NO - 23

As Main Motion is was:  
SO VOTED

### PART SEVEN

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

To delete old Article XIII, Section 15 and replace with new Article XIII, Section 15:

No person shall, without proper authority or permission from the Board of Sewer and Water Commissioners or their Agent, intermeddle with or willfully break or injure any waterline, Town drain, sanitary sewer or appurtenances.

### PART EIGHT

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That a New Section be added to ARTICLE XIII as Section 15A:

No person shall deposit any foreign solid or liquid materials so as to endanger any Town drains, sanitary sewers or water supply.

## PART NINE

On Motion of the Finance Committee,  
It was Moved and Seconded:

That a new section be added to Article XIII, Section 18A:

All connections to any drainage, sanitary sewer, or water line except those made by the Town of Walpole shall require approval and authorization of the Board of Sewer and Water Commissioners, except in an emergency, by their agent.

On Substitute Motion of the Board of Selectmen,  
It was Moved, Seconded and  
VOTED:

That NO ACTION be taken on Article XIII, Section 18A.

VOTE: YES - 72 NO - 28

SO VOTED

## PART TEN

It was Moved, Seconded and  
VOTED:

That a new section be added to Article XIII, Section 19.

No person shall amplify voice, music, or sound whether live or recorded at a level which can be heard at a distance of greater than 100 yards from its source except by written permission of the Board of Selectmen.

## PART ELEVEN

On Motion of the Finance Committee,  
It was Moved and Seconded:

That a new section be added to Article XIII, Section 20:

1. All motorized off-road vehicles including, but not limited to snowmobiles, minibikes, and trail bikes, shall be registered with the Walpole Police Department for a fee of twenty dollars (\$20.00). All vehicles must display a means of identification as prescribed by the Walpole Police Department.
2. No unauthorized person shall ride or operate said motor vehicle over privately-owned land or town-owned land without the written permission of the landowner or appropriate town authority.
3. Penalty for operating without registration and written permission shall be confiscation of vehicle for one month or a fine of \$500.00. Vehicle shall be impounded until payment of fine.

On Substitute Motion of Janice A. Young, Pct 4, RTM,  
It was Moved, Seconded and  
VOTED:

That NO ACTION be taken on Article XIII, Section 20.

As Main Motion it was:

SO VOTED

**ARTICLE 2**  
**RESOLUTION**

On Resolution of John W. Farrell, Pct 7, RTM,  
It was Moved, Seconded and  
VOTED:

RESOLVED: That this Town Meeting wishes to instruct the Chief of Police that he more stringently enforce the regulations governing the use of unregistered recreational motor vehicles and to submit in his next budget a request for the proper tools to meet this request.

**ARTICLE 12 (cont)**

**PART TWELVE**

On Motion of the Finance Committee,  
It was Moved and Seconded:

That a new section be added to Article XIII, Section 20:

No residence shall have more than one unregistered car or truck ungaraged on its premises in a residential district at any time. In no event will an unregistered car or truck be stored in the front yard.

On Substitute Motion of the Board of Selectmen  
It was Moved and Seconded:

To add to end of new section "for not more than six months"

Motion was: DEFEATED

Main Motion of Finance Committee was then:

SO VOTED

**PART THIRTEEN**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

To delete old Article XV, Section 1 and replace with the new:

The Chief of the Fire Department shall be vested with the authority to inspect all buildings and premises for the purpose of eliminating fire or explosion hazards. Upon receipt of a written complaint from any person whose property or interest may be jeopardized by an existing fire or explosion hazard, the Chief of the Fire Department shall conduct an immediate investigation of the conditions that initiated the complaint.

If any building or premises contain a condition that in the judgment of the Chief of the Fire Department can be classed as fire or explosion hazards, he shall forthwith issue a written order for the elimination of such fire and explosion hazards as may exist. Whoever refuses or neglects to comply therewith, shall be punished by a fine of not less than one hundred dollars (\$100.00) nor more than five hundred dollars (\$500.00) for each day during which such neglect or refusal exist.

**PART FOURTEEN**

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That a new section be added to Article XV, Section 2:

- A . All special fire alarm signal services which provide direct contact, including telephone, to the Walpole Fire Department shall be regulated by permit under the direction of the Board of Selectmen. Users of special fire alarm signal services without such permit may be subject to a fine of \$50.00.
- B . Users of such special fire alarm signal services shall provide access to the Walpole Fire Department only via connections to telephone lines approved by the Board of Selectmen. In no case shall direct access be provided via the Fire Department emergency telephone number. Penalty for connection to the Fire Department Emergency Line may be \$100.00.
- C . False Alarms within a 12 month period, resulting in activation through mechanical failure, malfunction, improper installation, or negligence of the user of a fire alarm system may result in the following fines:

First Offense: No Charge  
Second Offense: \$100.00  
Third Offense: \$200.00  
Fourth Offense: Removal of the System

## PART FIFTEEN

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

to delete old Article XX, Sections 1 and 2 entirely.

## PART SIXTEEN

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the following sections be renumbered:

### CURRENT SECTION:

Article XIII, Section 19  
Article XXI  
Article XXII  
Article XXIII  
Article XXIV

### RENUMBERED TO:

Article XIII, Section 22  
Article XX  
Article XI  
Article XXII  
Article XXIII

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the following sections which contain typographical errors are to be corrected:

Article VI, Section 4:

The word "resident" in the third sentence should read "residence".

Article VIII

Should have a title "Miscellaneous"

## ARTICLE 13

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town adopt the following Wetlands Protection By-Law and add as Article XXIV to the General By-Laws.

Section 1. The purpose of this by-law is to protect the wetlands of the Town of Walpole by controlling activities deemed to have a significant effect upon wetland values, including, but not limited to, the following: Public or private water supply, groundwater, flood control, erosion control, storm damage, water pollution, fisheries, shellfish, wildlife, and recreation. No person shall remove, fill, dredge or alter any bank, fresh water wetland, flat, marsh, meadow, bog, swamp, or land bordering on any estuary creek, river, stream, pond or lake, or any land under said waters or any land subject to flooding, other than in the course of maintaining, repairing or replacing, but not substantially changing or enlarging, an existing and lawfully located structure or facility used in the service of the public and used to provide electric, gas, water, telephone, telegraph and other telecommunication communication services, without filing written notice of his intention so to remove, fill, dredge, or alter and without receiving and complying with an Order of Conditions and provided all appeal periods have elapsed. Such notice shall be sent by certified mail to the Walpole Conservation Commission, including such plans as may be necessary to describe such proposed activity and its effect on the environment. The same notice, plans, and specifications required to be filed by an applicant under Massachusetts General Law, Chapter 131, Section 40, will be accepted as fulfilling the requirements of this by-law. The said Commission in its discretion, may hear any oral presentation under this by-law at the same public hearing required to be held under the provisions of said Chapter 131, Section 40, of the Massachusetts General Law. Definitions set forth in said Chapter and Section and in the regulations issued and as may be amended by the Department of Natural Resources, thereunder, are hereby made a part of this by-law.

Section 2. The term "person" as used in this by-law shall include any individual, group of individuals, association, partnership, corporation, company, business organization, trust estate, the Commonwealth or political subdivision thereof, administrative agency, public or quasi-public corporation or body, or any other legal entity or its legal representative, agents or assigns.

Section 3. An applicant for a hearing under Chapter 131, Section 40, shall at his expense give written notice by certified mail to any abutter and to any landowner within 300 feet of the site of intent to alter site subject to the Inland Wetland Act or take any other action relative thereto. Evidence of above by copies of return receipts must be presented to the Conservation Commission prior to the hearing date in accordance with a certified abutter's list from the Assessor's office.

Section 4. The Commission shall make a determination as to whether or not this by-law applies to a specific situation prior to the filing of a written notice of intent under the provisions hereof within 21 days of the receipt of a written request for Determination of Applicability (Form 1, G.L.C. 131, S. 40) sent by certified mail from any person desiring such determination. The Commission, its agent, officers and employees, may enter upon the land upon which the proposed work is to be done in response to a request for a prior determination or for the purpose of carrying out its duties under this by-law and may make or cause to be made such examination or survey as deemed necessary.

Section 5. The Conservation Commission is empowered to deny permission for any removal, dredging, filling, or altering of subject lands within the town if, in its judgment, such denial is necessary to preserve environmental quality of either or both the subject lands and contiguous lands. Due consideration shall be given to possible effects of the proposal on all values to be protected under this by-law and to any demonstrated hardship on the petitioner by reason of a denial, as brought forth at the public hearing.

Section 6. The Commission may, as an alternative to a denial, impose such conditions as it deems necessary to contribute to the protection and preservation of subject lands in accordance with the purposes of this by-law. Any order of Conditions issued under this by-law shall be subject to the same constraints and be identical to any such order issued by the Walpole Conservation Commission under the provisions of Massachusetts General Laws, Chapter 131, Section 40. The Walpole Conservation Commission shall hear any oral presentation under this by-law at the same public hearing required to be held under the provisions of said Chapter 131, Section 40, of the Massachusetts General Laws. Definitions, time frames, and procedures, insofar as applicable, set forth in said chapter and section and in the regulations promulgated by the Department of Environmental Quality Engineering on November 1982, are hereby made a part of this by-law.

Section 7. The notice required by the first paragraph of this by-law shall not apply to emergency projects necessary for the protection of the health or safety of the citizens of Walpole and to be performed or ordered to be performed by an administrative agency of the Commonwealth or by the Town. Emergency projects shall mean any projects certified to be an emergency by the Commissioner or the Department of Natural Resources and the Conservation Commission if this by-law and Massachusetts General Laws, Chapter 131, Section 40, are both applicable, or by the Conservation Commission if only this by-law is applicable. In no case shall any removal, filling, dredging or alteration authorized by such certification extend beyond the time necessary to abate the emergency.

Section 8. The Commission may require, as a permit condition, that the performance and observance of other conditions be secured by one or both of the following methods:

- (a) By a financial guarantee in an amount determined by the Commission to be sufficient and payable to the Town of Walpole, upon default; such guarantee shall be released upon issuance of a Certificate of Compliance.
- (b) By a conservation restriction, easement, or other covenant running with the land, executed and properly recorded (or registered, in the case of registered land).

Section 9. No work allowed by an order of conditions shall be undertaken until all appeal periods required by law have expired and evidence of the order having been recorded at the Registry of Deeds by the applicant has been presented to the Walpole Conservation Commission.

Section 10. This by-law may be enforced by a Town police officer or other officer having police powers. Upon request of the Commission, the Board of Selectmen and Town Counsel may take such legal action as may be necessary to enforce this by-law and permits issued pursuant to it.

It was Moved, Seconded and  
VOTED:

To adjourn this meeting to Monday, October 24, 1983 in the Eleanor N. Johnson Middle School at 7:30 PM. The Moderator so declared at 10:30 PM.

Louis E. Hoegler  
Town Clerk

**COMMONWEALTH OF MASSACHUSETTS  
TOWN OF WALPOLE  
ADJOURNED ANNUAL TOWN MEETING  
(FALL SESSION)  
OCTOBER 24, 1983**

Norfolk, ss.

Pursuant to the foregoing adjournment of October 19, 1983, the Adjourned Session of the Annual Town Meeting was called to order at 7:30 PM on October 24, 1983 at 7:30 PM by Moderator Robert B. Boyd. All rules and regulations concerning the call of an adjourned town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

A minute of silence was observed to honor the Marines who died in Lebanon on Sunday, October 23, 1983.

The following Tellers were appointed: Arlene Doe and Elizabeth Nashawaty.

## ARTICLE 14

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town change from a Limited Manufacturing Zone to a General Residence Zone, the following described locus:

Beginning at a point, said point being on the property line between Assessor's Parcels D1163-2 and D1164 at the corner of the presented Limited Manufacturing and General Residence Zone, a distance of 175 feet back from the easterly sideline of Stone Street, thence running northeasterly by said property line along a General Residence Zone, to the rear property corner of said parcels; thence turning and running southeasterly by the rear property lines of Assessor's Parcels D1164, D1165-1, D1165-3, D1165-2, D1166-1, D1166-2, and D1167 and 1168; thence turning and running northwesterly by a line of 150 feet off and parallel to the sideline of Stone Street, said line being the present Limited Manufacturing and General Residence Zone line, a distance of approximately 653 feet to the point of beginning, by withdrawing said portion from Limited Manufacturing Zone and establishing the same as General Residence Zone.

VOTE: UNANIMOUS

## ARTICLE 15

On Motion of the Finance Committee,  
It was Moved, Seconded and  
VOTED:

That the Town amend its Zoning By-Law and Zoning Map to the extent of changing the Zoning District Designation of the following described parcel of land from "RD - Residence B District" to LM-Limited Manufacturing District or do or act in any manner in relation thereto:

The parcel of land beginning at a point, said point being at the intersection of the Limited Manufacturing District and Residence B District Zoning Line and the Easterly property line of the said parcel which is 301,83 feet from the intersection of the said property line and the Northwesterly sideline of the Boston and Providence Turnpike; thence running North  $12^{\circ}43'-50''$  West a distance of 244.5 feet by land now or formerly of Martin S. Ryan, Jr., and Donald Perkoski; thence turning and running South  $82^{\circ}20'$  West a distance of  $305.3 \pm$  feet; and thence turning and running South  $87^{\circ} - 21'$  West a distance of  $145.5 \pm$  feet, the last two (2) courses being by land now or formerly of Palumbo Brothers Trust; thence turning and running in a Southeasterly direction a distance of 600 feet more or less to the intersection of the said district zoning line by Summit Street, a private Way; and thence running in a Northeasterly direction along the said district zoning line a distance of 528 feet more or less to the point of beginning. Said parcel contains  $4 \pm$  acres of land.

VOTE: UNANIMOUS

## ARTICLE 16

On Motion of the Finance Committee,  
It was Moved and Seconded

That the Town amend its Zoning By-Law and Zoning Map to the extent of changing the Zoning District Designation of the following described parcel of land from "LM-Limited Manufacturing District" to "R-Rural District" or do or act in any manner in relation thereto:

The parcel of land on the Northwesterly sideline of Main Street, said point being 959.93 feet Northeasterly of a point of curvature of a radius of 15 feet leading to the Easterly sideline of Cedar Street thence running generally Northerly 47.12 feet, thence N44-20-55W 145.00 feet, thence N45-39-05E 344.35 feet, thence N78-21-55E 61.05 feet, thence N57-30-50E 97.24 feet, thence S77-16-55E 70.54 feet, thence S45-17-55E 60.00 feet, thence S44-42-05W 170.00 feet, thence S45-39-05W 390.25 feet to the point of beginning and containing 84,494 square feet.

## ARTICLE 24

On Motion of the Finance Committee,  
It was Moved and Seconded:

That the Town petition the legislature for passage of a Special Act, said Act to read as follows:

Notwithstanding the provisions of section seventeen of Chapter one hundred and thirty-eight of the General Laws, the licensing authority of the Town of Walpole is hereby authorized to issue to TBFG Corporation a license for the sale of all alcoholic beverages to be drunk on the premises under the provisions of section twelve of said chapter one hundred and thirty-eight. Said license shall be subject to all the provisions of said chapter one hundred and thirty-eight, except section seventeen, and provided further, however, that said license within one year after the date of issuance of such license by said authority and, provided further, if the holder of said license is a Corporation, said licensing authority shall not approve the transfer, pledging or issuance of shares of stock of such Corporation within one year after the date of issuance.

Motion was: DEFEATED

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS FALL SESSION OF THE ANNUAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 11:15 PM.

Louis H. Hoegler  
Town Clerk
